GERMANS WANT UNITY; FRENCH WANT BIG LOAN ASSURED

Allied Conference Receives Communications From Berlin And Paris; U. S. Aid Sought

BERLIN, July 17.—(By the United Press)—A demand that the allies promise that the political unity of Germany will be re-established was sent to Premier MacDonald by the Marx Government today.

The German memorandum which was sent to MacDonald while the allied conference was in session, also asked that a time be set for withdrawal of French and Belgian troops from the Ruhr and the evacuation of Dusseldorf and Düsseldorf.

LONDON, July 17.—(By the Associated Press)—French members of the committee of the inter-allied conference dealing with the authority of the reparations announced this afternoon their determination to insist upon the taking up by bankers of the proposed loan to Germany as a condition precedent to the recognition that the Dawes plan is in effect.

The French members also expressed their joint conviction that the economic unity of Germany could not be restored until the proposed loan was underwritten.

The statement was made before the French officials entered a meeting of their committee which was formed by the conference to deal with the authority of the reparations commission in respect to the action taken in the event of possible default of Germany in the execution of the Dawes scheme.

It is understood according to French semi-official sources that the committee of the conference which will decide on the means of naming the American representative on the reparations commission whose task it will be in accordance with the Herriot-MacDonald plan, to arbitrate on the question of Germany's eventual default, seems in agreement to ask the international court at The Hague to name the American representative.

The French spokesman said his delegation regarded the situation of the 40,000,000 pound loan to Germany as the only basis on which the Dawes plan could be launched.

When this member of the French delegation was asked whether he thought British and American bankers, upon whom main dependence to underwrite the loan is being placed, would agree to France's proposal, he said he thought there would be no difficulty in convincing the financiers of the reasonableness of the French position.

Protective Tariff On Luxuries Slapped On By Japanese Diet

TOKIO, July 17.—(By the Associated Press)—Both houses of the Imperial Diet today passed the government bill raising the tariff on about 250 articles classed as luxuries to an ad valorem duty of 100 per cent.

The date the increase will become effective will be announced in the imperial ordinance promulgating the act.

It is understood that the measure will not affect goods already in transit, an arrangement to this effect having resulted from diplomatic representations made by Great Britain and France.

The bill had been before the diet just ten days.

Democrats Will Build National Machine, The First Since 1912

'Vicious Propaganda' Is Being Used To Save Slayers Says Lawyer

CHICAGO, July 17.—(By the United Press)—Attorneys engaged by the millionaire Leopold and Loeb families in an effort to save their sons from the gallows "are spreading vicious propaganda" which is intended to show the boys' insane, representatives of the state, charged today.

The defense, according to Dr. M. O. Krohn, state's alienist, is attempting to paint the careers of young Nathan Leopold and Richard Loeb as being blacker than they really are so as to make the world believe the murderers are insane.

Reports circulated that Leopold and Loeb had plotted to murder Loeb's younger brother before they changed their plans and killed 14-year-old Robert Frank. Instead, were branded as "vicious lies" by Dr. Krohn.

"The more heinous and diabolic and numerous are the crimes that are laid at the doors of Leopold and Loeb, the more incomprehensible the university students will become to the man in the streets," Dr. Krohn, explained in defense of his charges. "When a man does something you can't possibly conceive of doing, you will naturally explain it by saying, 'why that man must be crazy.'"

Reports given wide circulation to the effect the defense would try to show that Leopold and Loeb first planned to murder Loeb's younger brother, then plotted to kidnap Leopold's father, were denied vigorously by Clarence Darrow, chief counsel for the defense.

"Those are lies—nothing but lies," Darrow said.

Dr. Krohn, however, announced every precaution would be taken by the state to "spike" any such testimony should it be offered by the defense during the course of the trial, which opens August 4.

"The defense will use all means possible," Dr. Krohn predicted. "They have three murderers sent to an insane asylum instead of the gallows. They will try to make the jury believe the boys are insane. They will paint the defendant's blacker than they really are. They will try to show that they are different from ordinary people. 'A man may depart a long way from the normal conduct of the 'average man' and still be very sane and responsible.'"

"Take the so-called 'human spider' who exists in the world by scrambling up the steep sides of tall office buildings. The average man prefers to be a doctor, clerk or baker. He may even consider the 'human fly' a bit of a nut. 'But suppose the spider from his dizzy height pulls a gun and shoots down into the street and kills a baker. (Continued On Page Eight)

Makes Gold

BERLIN, July 17.—A German scientist has discovered a method for "making" gold out of the base elements.

The scientist is Dr. Adolf F. Miethe, Professor of the Charlottenburg University of Engineering and a widely known scientist.

In cooperation with his assistant, Dr. H. Stammerich, Professor Miethe has succeeded in obtaining gold from the decomposition of mercury by the introduction of electrical energy. Mercury, the scientist has discovered, decomposes under certain conditions to helium and gold, the precious metal being left as a residue while the helium gases off in the form of gas.

The discovery, it is emphasized, is as yet of no commercial importance as it is very expensive.

Governmental Control of Liquor Wins; Prohibition Is Defeated

REGINA, Sask., July 17.—With a decisive majority for straight government control of liquor the electorate of Saskatchewan defeated prohibition at the polls Wednesday.

Returns from 1,117 out of 2,551 40,000 in favor of prohibition, and 60,621 against.

The vote also showed 51,123 favoring straight government control of liquor and 42,040 favoring government control plus the sale of beer on licensed premises.

Returns from the remaining polls are not expected to change this general run of the vote.

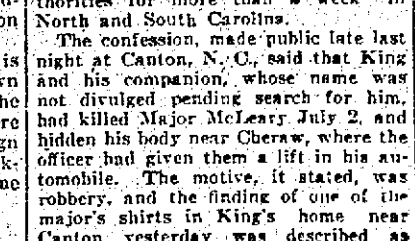

FINDING OF SHIRT IN GUILTY MAN'S HOUSE SOLVES MYSTERY OF MURDER OF ARMY OFFICER

RALEIGH, N. C., July 17.—(By the Associated Press)—The body of Major Samuel H. McLeary, Coast Artillery officer, was found by a searching party today, eleven miles north of Cheraw, S. C.

Mortimer H. King, accused of slaying and robbing Major McLeary, is held. Search is being made for Frank Harold as an accomplice.

RALEIGH, N. C., July 17.—(By the Associated Press)—Mortimer H. King, who has signed a confession that he and another man killed Major Samuel H. McLeary, of the Coast Artillery Corps, was taken today to the vicinity of Cheraw, S. C., to end, with recovery of the body, the mystery that has absorbed federal, military and civil authorities for more than a week in North and South Carolina.

The confession, made public last night at Canton, N. C., said that King and his companion, whose name was not divulged pending search for him, had killed Major McLeary July 2, and hidden his body near Cheraw, where the officer had given them a lift in his automobile. The motive, it stated, was robbery, and the finding of one of the major's shirts in King's home near Canton yesterday was described as

Shells Faling In Sao Paulo, But Americans Are Safe, Is Latest News From Brazil

(By A. L. Bradford) (United Press Staff Correspondent) WASHINGTON, July 17.—(By the United Press)—Shells fell within half a block of the American Consulate at Sao Paulo when federal troops were bombarding the stronghold of the Brazilian revolt on July 12, the state department was advised today in a cable from Sao Paulo dated July 12.

The consulate was undamaged, however, the message stated.

Six persons in the Hotel D'Oeste were killed when a shell struck the building, the message said. The industrial center of Brazil is being bombed and is practically deserted by its inhabitants.

The city of Sao Paulo is surrounded by 15,000 federal troops, who are bombarding rebel forces located there, the state department cable from Santos, dated yesterday, stated.

Three thousand well equipped government troops arrived in Santos July 16 and entrained in the direction of Sao Paulo, the Santos cable declared.

Government forces are bombing Sao Paulo from Ipiranga and other places, according to the advice from Sao Paulo.

BUENOS AIRES, July 17.—(By the United Press)—The situation in Brazil, where the army of the state at Sao Paulo has rebelled in very acute form, was described today by the newspaper La Razon understands from an official source today. The rebellion was started by important chiefs of the Brazilian army, according to the newspaper's information with the aid of high political leaders of the state of Sao Paulo, who are in contact with the revolutionary elements of other states.

"A big banking house, believed to have official connections" is financing the revolt.

The revolutionary troops comprise about 8,000 men, with abundant war materials.

The movement has as its primary purpose the establishment of a new federal regime, and will demand cooperation from the federal government.

British Flyer Still Missing

TOKIO, July 17.—(By the Associated Press)—No news has been received here up to this afternoon of A. Stuart MacLaren and his party of British aviators, flying around the world, since they left Lake Tashimoye, on Yezo Island, in the Kuriles, at an early hour yesterday morning, and anxiety is felt here for their safety.

MacLaren should have completed a flight to Paramashiri Island, about 450 miles north of his starting place, by noon yesterday.

The Japanese destroyer, Isokaze, has searched as far north as Shimushiri Island without finding any trace of the aviators and the destroyer Hamakaze, which was on duty at Paramashiri, said the fliers, is searching southward.

TRIBE OF APE MEN REPORTED ON ISLAND

KELSO, Washington, July 17.—While awaiting reports from parties who have gone to the vicinity of Spirit Lake, on Mount St. Helens in quest of verification of a story told by trappers that they encountered a band of ape men there last week, residents today were interested in statements attributed to George Tetogi of the Chalkum Indian tribe that the ape men are members of a tribe of Indians known as Seashuk tribe.

The trappers reported their cabin was surrounded by the ape men during the night. Tetogi was quoted as saying that members of the Seashuk tribe are huge in stature and hairy-like beards. These Indians, he said, talk the Chalkum language and are adept in imitating the sounds of birds.

"The Seashuks were last heard of by the Chalkum Indians about fifteen years ago and it was believed by the present Indians that they had become extinct," said Tetogi.

The Seashuks made their home in the heart of the wilderness on Vancouver Island and on the Olympic range.

"The Seashuks are seven to eight feet tall with hairy bodies, like bears. They are great hypnotists and also have a gift of ventriloquism, throwing their voices great distances."

Tetogi declared that his facts have been corroborated by Henry Napoleon, Chalkum tribe, who met one of the Seashuk Indians while hunting on Vancouver Island recently, and by Indians of two other tribes.

No reports have been received from several parties who left here to search for the Indians Monday. Individuals who returned today from trips to the cabin of five prospectors confirmed parts of the story of being surrounded in their cabin with rocks from the "Mountain Devils." Rocks were found inside the cabin. No tracks were discovered, however.

Four new expeditions were outfitted and started today to Spirit Lake, 45 miles from Kelso.

Fire Fighters Caught Under Falling Wall; Bodies of Seven Negroes Taken From Ruins

KANSAS CITY, July 17.—(By the Associated Press)—Two firemen were fatally injured, several others seriously hurt and seven negroes are known to have been burned to death in an explosion and fire which early today wrecked a store and apartment building in a negro district.

The firemen, Earl Harvey and John Haydn, were pinned beneath a falling wall. They died at a hospital. Six other firemen who were caught under the wall were taken to a hospital, where it is said they will recover. The bodies of the seven negroes have been recovered. Nine others are missing and the searchers believe more bodies will be found. The negroes occupied the second floor of the building.

The fire is believed to have started by a gas explosion in a confectionery store on the first floor.

The blast came in the early morning hours when most of the occupants were asleep. John T. Hughes, a patrolman, standing a block from the building saw the structure suddenly shattered with red flames. A deafening detonation shook surrounding buildings. Hughes said he believed not one of the persons occupying rooms above stores in the building could have escaped.

While firemen were desperately battling the flames, a fifty foot brick wall of the two-story building collapsed, burying rescue workers and firemen.

Flood Peril In China Is Still Grave

(By United Press) PEKIN, July 17.—The peril of floods in western China continues grave.

Thus far the city of Tien Tsin has been spared. Two smaller dykes broke today, flooding districts east and west of the city, but those dykes protecting Tien Tsin have held. Thousands of soldiers and coolies are piling in relays repairing small leaks.

Fire villages west of Tien Tsin were inundated and destroyed, but the railroad running through the rice lands withstood the waters.

Pekin still is menaced by a river torrent, raging 15 miles to the westward, but the capital is thought safe. Approximately 300 brick and mud houses here crumbled.

Gen. Feng Xuh Shiang has sent troops to build up the dykes about Peking. The Red Cross, is sending huge supplies of rice and bread to the flooded outlying districts and to Kalgan, where the flood has subsided, leaving thousands homeless.

There has been a twenty inch rainfall in 16 days, exceeding the yearly average and causing many rivers throughout western China to flood their banks.

All railroad lines to Peking, but one, were damaged, and many tunnels filled with rocks and debris.

Certificate Holders of Columbus Company May Get 70 Percent

COLUMBUS, O., July 17.—(By the Associated Press)—Certificate holders in the Industrial Endowment Fund Company which passed into receivers' hands with the arrest last night of Louis V. Josephson, Columbus attorney and former vice president of the company, on charges of embezzling \$92,476.96 of the company's funds, will probably receive seventy percent of their claims, Cyrus Locher, director of the state department of commerce, announced.

Josephson's arrest came after the filing of an affidavit by Joseph F. Ferguson, examiner in the state department of commerce who has been conducting an investigation into affairs of the company.

The warrants allege that Josephson borrowed money in the name of the company, paid the loans from the company's treasury, and converted the amounts to his personal use.

The company was organized as a bond investment company in October, 1919, with a capital of \$200,000. Its plan of operation was to sell certificates which were paid for at stated intervals, after which the certificates, matured with a cash value of the total of installment payments plus a high interest rate. Money secured through the sale of certificates was invested in mortgages.

The alleged embezzler appeared in municipal court today and pleaded not guilty. His case was continued to July 28.

Josephson came into court without counsel and entered his own plea. He declined to discuss the case, saying he would have a statement later.

Big U. S. Sub Is Launched

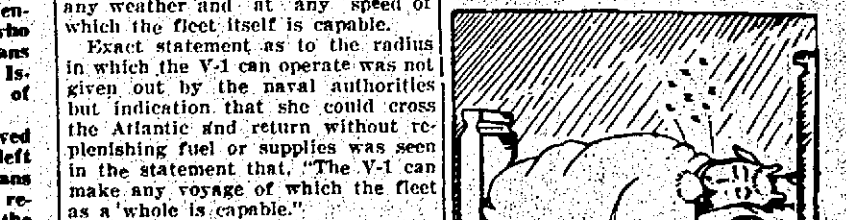

PORTSMOUTH, N. H., July 17.—A submarine twice as large as any built previously for the United States Navy was launched at the Navy Yard today. This big undersea fighter, to be known as the V-1 is the first of a fleet of nine that will be able to accompany the battle fleet at sea in any weather and at any speed of which the fleet itself is capable.

Exact statement as to the radius in which the V-1 can operate was not given out by the naval authorities but indication that she could cross the Atlantic and return without replenishing fuel or supplies was seen in the statement that "The V-1 can make any voyage of which the fleet as a whole is capable."

Going To Raceland? Beware of Speed Trap Near Chinnville

Local motorists going to Raceland through Chinnville are warned to keep an eagle eye peeled for traffic.

Officer Young of that village, who has been making numerous arrests since the first day of the races.

Arrests are principally for speeding. Several Portsmouth motorists have already fallen into his hands for overstepping the 12-mile-per-hour limit through the village. There is only a very short stretch of this road and it will pay motorists to obey the 12-mile-per-hour signs.

Thursday he placed under arrest Frank Patrick of Elk Fork, Morgan county, Ky., on an alleged charge of stealing an automobile. He was lodged in the Greenup county jail over night, despite his claim that he had borrowed the car from his brother, Al Patrick, of Portsmouth. Wednesday the officers learned the young man's story was true and they then filed a charge of reckless driving against him.

Marshal Young arrested E. B. Ringwald of Portsmouth on a charge of speeding and the fine was \$13.50. T. R. Herzog of Portsmouth was also taken in for speeding and he drew \$13.50.

Ten Thousand Are Vaccinated

CLEVELAND, July 17.—The era of enforced, wholesale vaccinations and neighborhood quarantine, put in effect by Health Commissioner H. L. Rockwood, as a preventive measure against smallpox, was at an end today after 10,000 persons, most of them in the Woodland Avenue-Scoville avenue quarantined district, had been given the immunizing scratches on the arm.

The barriers in the above district, where three "walking cases" had been found, were lifted last yesterday after being in effect since early in the morning.

The measures he had taken were purely precautionary. Dr. Rockwood said, declaring there was no occasion for alarm.

HELD TO GRAND JURY ON ROBBERY CHARGE

Norman Link, New Boston young man arrested and charged with the robbery of the Frank Bauer grocery on Muna's Run pike near New Boston, was given a hearing before Mayor V. R. Bierley of New Boston, Wednesday afternoon. He was found guilty and bound over to the grand jury on a \$500 bond which he was unable to furnish. He was taken to the county jail today to await action of the next grand jury.

Link was arrested last Monday at the

R. B. Lukemire camp on Minford pike. At the hearing, Chester Briggs, 18, and Harry Briggs, 16, arrested in connection with the case, were used as witnesses for the state. The youth admitted being with Link on the porch of the store the evening of July 4, the night of the robbery, but claimed all three left there and went to the Briggs home. The brothers claimed that Link left their home later that night but that they did not accompany him. Ed-

gar Yarnell was another witness for the state. He claimed he picked up a screw driver near the store the night of July 4 and that Link told him to lay it down as it belonged to him. A screw driver was among the tools found in the store after the robbery. Mr. Bauer identified packages of tobacco found in the Lukemire cottage with Link as stolen from his store. The Briggs brothers were released after the hearing.

YALE CREW WINS OLYMPIC OAR RACE; MISS WILLS EASILY DEFEATS MRS. MALLORY

United Press Staff Correspondent. BY HENRY L. FARRELL. PARIS, July 17.—Yale's crew, representing the United States, triumphed in the Olympic contest for eight oared shells.

This afternoon Helen Wills defeated Molla Mallory, Skelton, American swimmer, won the first final event in the Olympic pool, smashing an Olympic record, and our boxers scored repeated victories at the Velodrome, making it another red letter day for the United States.

The other American boats lost in

the races on the Seine, but the average of American victories was a good one for our representatives. Of the seven races at Argenteuil, the U. S. was victorious in the eight-oared event and in the double sculls, in which Kelly and Costello, the American pair, showed the way.

The Swiss Navy won two events on the Seine, England two and Holland one.

The Olympic rowing championship went to the powerful Yale crew, just as had been expected. Yale's time was 6:33 2-5. The Canadian crew

from Toronto was second with Italy third. The Americans won the event by three lengths.

Helen Wills' triumph over her old rival, Mrs. Mallory, was a particularly welcome one and foreshadowed her eventual triumph in the tennis championships. The big Norwegian went down to defeat in straight sets 6-3, 6-3. Vincent Richards also kicked in with a victory over Rene Lacoste, after dropping two sets to the Wimbledon finalist, but R. Norris Williams, our tennis captain, lost to Cochet, France, 6-7, 6-3, 6-2, 6-4.

Davis' Headquarters Taking On Atmosphere Of Wilson Campaign

(BY ROBERT J. BENDER)

(United Press Staff Correspondent) NEW YORK, July 17.—(By the United Press)—Headquarters of John W. Davis is taking on the atmosphere of Woodrow Wilson campaign days.

High on the roster of those whose advice he is seeking in managing his campaign, and writing his keynote speech, of acceptance are men who worked in the van of Wilson's fights for the White House in 1912 and 1918. There is Frank Polk, a close adviser of the late ex-president and under secretary of state in the second Wilson administration; there is Colonel R. M. House, for years an intimate confidant, friend and counselor of the war president; there is Gordon Auchincloss, son-in-law of Colonel House.

Davis is to spend the next ten days

at the summer home of Charles Dana Gibson, one of the closest friends of Colonel House.

Norman Davis, who, up to the time of Wilson's death, was one of his closest friends, is in constant touch with the Democratic nominee.

Henry Morgenthau, one of the original apostles of the Wilson campaign; in 1912 is a Davis adviser, Daniel Roper, head of the Internal Revenue Bureau during the Wilson administration and for years a political adviser of Wilson, is a leader now in the Davis campaign conferences.

There appears little doubt that these men will have a telling effect upon Mr. Davis' enunciation of his governmental principles. The fact that most of them, including Davis himself, have long sponsored American entrance into

the League of Nations already has aroused wide interest in how the candidate will treat this subject in his forthcoming acceptance speech.

In the only semi-political speech Davis has made to date—one delivered last night to a group of friends who met to welcome him at his Locust Valley, L. I., home—there was a genuine Wilson touch to his utterance.

"I believe," he said, "all free government comes from the people up and not from any source down to the people. This country is and it will remain what the great masses of people care to make it. We have thrust our all on the principle that the safety of this country lies in the keeping of its individual citizens."

"If we begin man for man and woman for woman to do our duty at home we can safely trust to the labor of the masses will show itself in the happiness of the home."

Preliminary to leaving for Maine tomorrow night, Davis will have approved a selection of campaign manager and tentative plans for the acceptance day ceremonies to be held at Clarkburg, W. Va., and next month. If precedent is followed in selection of a campaign manager, Clem Shaver, of West Virginia, will be the manager.

LOCUST VALLEY, N. Y., July 17.—John W. Davis, Democratic nominee, last night made his first appearance upon a public platform since he was named a candidate for the presidency when he responded to the cheers and congratulations of his friends and neighbors of Locust Valley and nearby villages.

About 500 took part in "congratulatory services" held in the Matinecock neighborhood house.

"The presidential candidate's speech was devoid of politics. In the course of his remarks he said:

"Friends and neighbors, all, this is my first attempt on any stage in the guise of a presidential candidate. I feel awkward and not accustomed to the role. Indeed, my appearance is premature for I have nothing but rumor for the fact of my nomination."

"Within two or three weeks, I shall be duly apprised of it and until then it is my duty to deny all knowledge on the subject."

"I have already discovered that the life of a prospective presidential candidate is not a bed of roses. I received today a letter from a man in Delaware, who told me of an old cobbler in his town who had been a life long Democrat, but who since the convention had announced that he was a Methodist and a prohibitionist, and would never vote for any man who had been president of a bar association."

"And just to show that there is such a thing as human generosity, I shall tell you of a letter from a man I think, from Pennsylvania. He says he was sorry to learn that I had been sued for breach of promise, and added that he knew the lady and could tell me something about her that could help me in my defense."

"I believe that all free government comes from the people and not from any source downward. The country is what the mass of the people make it. We have cast all our all upon that principle. We have trusted our future to that creed. Security, progress and prosperity lie in the keeping of the individual citizen. We shall have good government in New York and so forth."

La Follette Will Get Labor Vote His Workers Claim

(BY PAUL R. MALLON)

(United Press Staff Correspondent) WASHINGTON, D. C., July 17.—(By the United Press)—Organized labor's 5,000,000 votes will be swung behind Senator Robert M. La Follette, his campaign leaders claimed today.

The American Federation of Labor will sanction—if not openly endorse—the La Follette candidacy when its executive council meets in Atlantic City the first of August according to the Progressive opinion.

While Samuel Gompers, head of the American Federation of Labor is opposed to endorsement of independent political movements, the La Follette chiefs have been informed that the labor body will oppose the candidacies of both Coolidge and Davis and therefore will at least tacitly endorse the La Follette campaign.

This is the opinion of Wm. H. Johnston, chairman of the Progressive national committee as expressed to the United Press today.

"The heart of labor is with 'La Follette,'" Johnston said.

There are 3,000,000 members of the American Federation of Labor. There are more than a million more workers not members of that body. These two groups control at least a million more votes through their families—making

the estimated present strength of the labor vote about 5,000,000.

In previous elections, the labor vote has been somewhat nebulous and never has it lodged solidly behind one candidate in a national election. But the La Follette leaders feel that they can at least solidify the workers against Davis whom Johnston describes as "A Tool of Wall Street" and President Coolidge, whom he calls "Reactionary."

THEY BREATHE DEATH

Insects breathe through a score of pores. And when a breath of El Vampire enters, the pests die. Why wait for them to find a poison powder or liquid. El Vampire is harmless to man and animal. Puff it into the air, around beds, and into the crevices. Rid pets, plants and animals of every kind of pest. In the YELLOW bellows box, 30c and 50c, at the nearest store. And there's the biggest size for \$1.25. There's Liquid El Vampire, too, for flies; just as potent. Allaire, Woodward & Company, Peoria, Illinois.

To Resume Boat Excursions On The Ohio

Announcement was made Wednesday that starting next Sunday all day boat excursions would be given out of this city on boats operated by the Green Line and the Pittsburgh, Wheeling, Cincinnati Packet Line. The plan is to have the General Wood bring Sunday pleasure seekers from points here to here in the morning, a transfer to be made here to the Tom Green or Greenwood. These two boats will go up stream on Sunday as far as Huntington and will return here about ten o'clock Sunday night. Several stops will be made including Ironton and Wheeling but the stops will not allow time for passengers to go ashore.

Defect In Alarm System Calls Out Fire Departments

Fire Companies 1 and 2 were called out twice yesterday as the result of false alarms from the Anderson Bros. store, Chillicothe street. The first alarm was received yesterday morning at 10:25 and the second at 4:10 yesterday afternoon. A defect in the store fire alarm system at the store was responsible for the needless runs.

Kicked By Horse

George Wiget, well known resident of Scioto Trail, who was kicked in the left leg by a horse last Saturday, is getting along nicely. Mr. Wiget had taken the horse to a blacksmith shop where the animal kicked him, inflicting a deep cut and chipping off a large piece of bone in the leg just below the knee. He is being attended by Dr. George Martin.

Enrolling For The Fall Term

Enrollments are already being received at the Portsmouth College of Business for the fall term, which begins September 2. The new normal course, which entitles graduates to teach commercial subjects in the high schools of the state without examination, is proving attractive to many and will probably cause increased attendance, according to P. R. Bachman, president of the college.

Twenty-Four Years Ago

TO FACE OLD CHARGE

CHENAES, Wash., July 17.—Dave Steele, a local man here, today was on his way, in custody, to Pikeville, Ky., to answer to a 22-year old murder charge.

Deputy Sheriff J. M. Johnson of Pike County, Ky., was recently in the northwest for the purpose of returning to Pikeville Rolan Wallace, also wanted on a murder charge in Kentucky.

While on that trip Johnson recognized Steele and on his return to Ky., obtained authority to take Steele back to face the old charge. Twenty-two years ago a drunken man on the West Virginia side of the Big Sandy river, opened fire on Steele, who was on the Kentucky side. Securing his rifle, Steele, killed the West Virginian.

Steele then left for the west and has lived for many years in the vicinity of Chehalis, where he is widely known and generally respected.

COLUMBUS RESIDENCE
COLUMBUS, July 17.—Harry M. Daugherty, former attorney general, is again established in his Columbus home. He went to Washington to become chief of the United States department of justice.

After a hectic tenure of office, during which he figured in many clashes and controversies, and which ended with his retirement at the request of President Coolidge, the former justice department chief is to resume the practice of law here.

His old home on Town Street closed during his sojourn in the national capital has raised its drawn shades and been made ready to receive the former attorney general, who now formally takes his place again as a private citizen.

HOUSTON SEEKS

ADVERTISING MEET
LONDON, July 17.—The advertisers convention resumed its sessions today with delegates attending sectional conferences in numerous committee rooms. Tomorrow the convention will be adjourned to the choice of the board of club presidents, which named Houston, Tex., as the convention city for 1925.

The Rhode Island board announced the candidacy of Providence for the 1925 convention, after St. Petersburg, Fla., and other cities had withdrawn in favor of Houston for next year.

The spokesman for the Houston delegation said he would do his utmost to obtain the promise of the Prince of Wales to attend the 1925 gathering and also that \$200,000 would be expended to equal Britain's hospitality. In honor of the British delegation he promised that Houston's newest hotel the Sam Houston, would, during the convention be renamed the Hotel Britannia and that it would be reserved exclusively for the accommodation of the British. The date of next year's convocation has not been fixed but it probably will be held in May.

ROBBERY MOTIVE FOR MURDER

CINCINNATI, July 17.—Two days before his body was found in a secluded spot on Duck Creek road, Bernard G. Levitz, contracting carpenter of Cincinnati drew \$200 from the bank, Norwood police were informed today. The police are now trying to learn if Levitz drew this money from the bank personally, and if so, whether he carried it on his person when he was slain.

Theories as to the probable motive of the shooting have been unbarred in profusion but all have collapsed under their own weight. Not one substantial bit of evidence looking to the apprehension of the murderer has been found, and that which has been investigated has resulted only in loss of time in solving the murder.

'Tis Vacation Time At Postoffice

During the vacation period Postmaster W. H. Harsha calls attention to the fact that from the first of April until the first of October there are substitute carriers on some one or more of the city routes. It is obviously impossible for these substitute carriers to know the routes as thoroughly as the regular carriers do, and there is sometimes a delay because mail is not properly addressed. Many offices, organizations and business houses, which send out notices address such cards merely "John Jones, City." This occasions delay in delivery. Much of this could be avoided, according to Postmaster Harsha if the correct street address were given. "Mail should be correctly addressed at all seasons of the year," said Mr. Harsha, "but particularly during the vacation season when there are new carriers on the routes."

CURB GAS STATIONS SWATTED BY COUNCIL; CITY PLANNING COMMISSION NAMED; FINANCE COMMITTEE IS PREACHING ECONOMY; CHIEF MAY NOT GET CAR

Decision to abolish and prohibit the installation of street gas stations and the removal of the same, approved by Mayor Calvert, and the appointment of four members on the City Planning Commission, a resolution adopted by the Council, was the first item on the agenda of the Finance Committee's semi-annual appropriation budget, ordering in of legislation to correct parking regulations in the congested business district and a report from the Hospital Commission recommending additional increases for certain employees in that institution and changes in old plumbing, featured a long drawn-out session of City Council held last night with all members in attendance with the exception of Miss Anna Cramer, who is out of the city.

Considerable time was given to discussion of the installation of curbing along the streets and it was agreed by every member that they were erected on city property and constituted a fire hazard which should be eliminated as soon as possible. Large storage tanks of oil and gas unprotected by earth banks, came in for a scolding after the report from the Hospital Commission to this danger.

Council was divided most of the evening with members Bryan and Duveneck of the finance committee taking a stand against the spending of public funds that were not provided for when the semi-annual appropriation ordinance was passed, the other six members of Council, Messrs. Dickey, Hooper, Hopkins, Steadman and Stewart, voting in favor of the proposed expenditure. The first opposition voiced by Mr. Bryan, who acted as spokesman for the Finance Committee, was when a motion was made to appropriate \$1,600 for a new car for the fire chief. Later when the Finance Committee suggested cuts in the salaries of custodians of the city's two comfort stations, Messrs. Bryan and Duveneck were the only two found supporting the matter, with the remaining six opposed to the cuts. Some opposition also developed when legislation was ordered in for increases for hospital employees. Mr. Bryan explained that he realized the employees deserved more money but that he did not think the time had come to wait until later. Ben E. Stewart of the Hospital Committee and Safety Director George Koerner explained that the addition to the hospital is rapidly nearing completion and that the nurses will have added duties within a short time and that the legislation should be enacted without delay.

Names Planning Commission. Arthur Harwood, Charles C. Horvath, John B. Hughes and John B. Hughes were named as members of the newly created city planning commission by Mayor Calvert. These, with Mayor Calvert, Service Director Wilson, and President of the Park Commission Mark W. Selby, constitute the city planning commission.

Mr. Harwood and Mr. Horvath were named for terms of six years, and Mr. Hughes and Mr. Hughes for two years.

In presenting the names of these four members, Mayor Calvert, wrote the following letter:

Portsmouth, O., July 16, 1924.

To The Honorable Members of City Council, Portsmouth, O.

In pursuance to the resolution enacted by the legislation creating a City Planning Commission, I am pleased to announce the following representative citizens of Portsmouth whom are duly appointed subject to your endorsement to serve on said commission:

Mr. Arthur Harwood and Charles C. Horvath to serve six year terms, Mr. A. G. Dunn and Mr. John B. Hughes each to serve two year terms. With these four members and the Service Director, President of the Park Commission and the Mayor constitute the Planning Commission of the City of Portsmouth, Ohio, believing that this is a practical measure in solving many difficult problems for the future development of the city.

The Planning Commission is also the City Planning Commission and is vested with all the powers and duties provided by law, such duties shall be to make recommendations for new streets, boulevards, viaducts, subways, parks, bridges and other public improvements. Whenever the commission shall have the plan of the city or part thereof no improvement, such as mentioned above or utility public or private shall be authorized or constructed in the city of said planned portion of the city unless the location of same shall first be approved by the commission, and all sub-divisions within and for a distance of three miles beyond the city limits must be acceptable to the commission, therefore it is a duty conferred upon the commission to work out a comprehensive plan, and other reasonable regulations necessary to ideal planning, and which should be adopted as a guide for sub-division of land.

In view of studying the present and future needs there are many controlling factors contributing towards the city's growth and prosperity and such as the following are deserving of careful thought by the Planning Commission.

All outstanding natural beauties should be preserved where practical to do so. We must not overlook the

value of providing for recreational needs of the community.

The arrangement of main thoroughfares in order to fix a permanent center thereby preventing the shifting of real estate value. Such regulations should be made with reasonable and equitable consideration.

Among other things to the character of the district and its peculiar suitability for particular uses and encourage the most appropriate use of land throughout the community.

The automobile is now having its effect as elsewhere, therefore, it is of vital importance that the proper layout should be made for the safety of traffic.

Respectfully submitted, RALPH CALVERT, Mayor of Portsmouth, O.

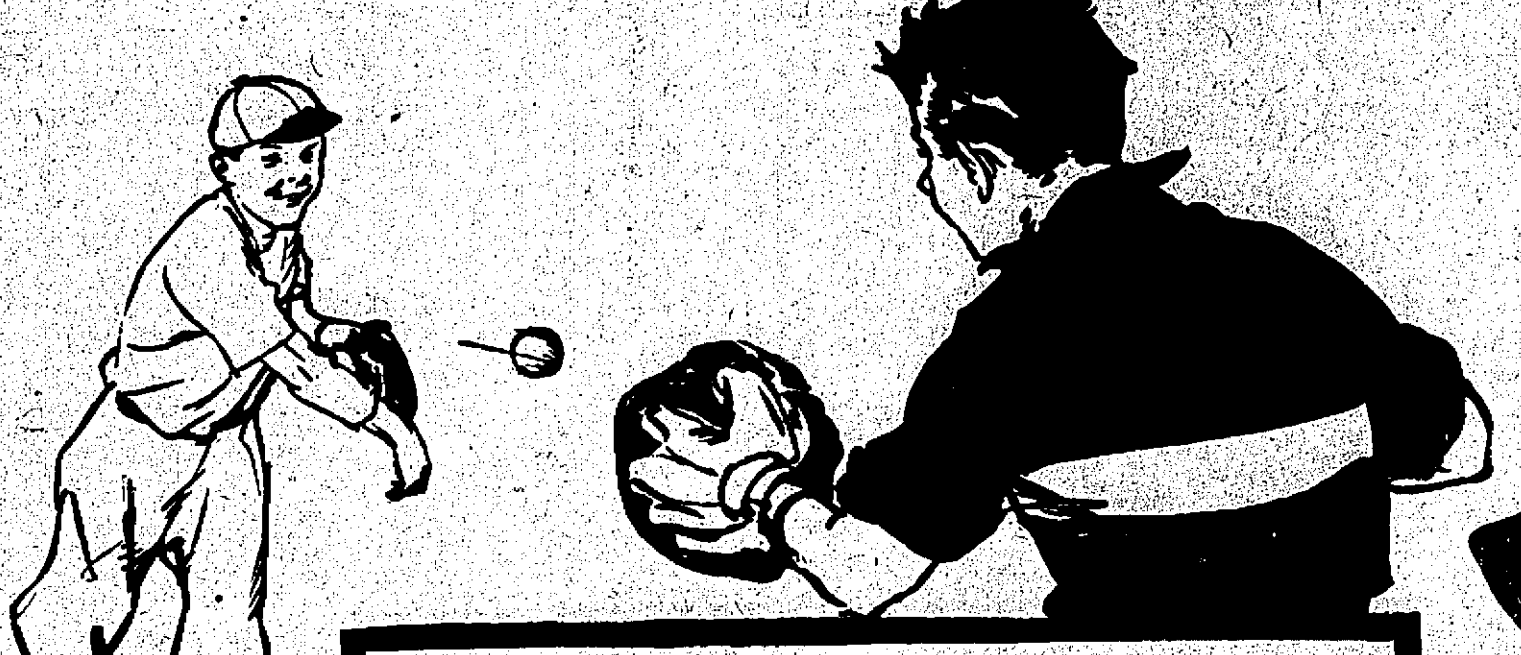

Every member voted favorably upon confirmation of the appointments after ordering the commission filed.

May Close Alley. A petition from Contractors Chapman and Gardner, who will build the eight story addition to the First National Bank building, was presented by Member Dickey, asking that permission be given for the closing of the alley back of the First National Bank building and the erection of a storage shed on Gallia street. It was explained that the use of the alley would mean that the new building would not be blocked with material and machinery. Council granted the petition at once.

Self Improvements. Auditor Chandler read a communication from Manager Adam Frick of the Chamber of Commerce relative to the resolution adopted by the Street and Road Commission of the City of Portsmouth, Ohio, through the Little Seloto river. The communication presented as a petition was ordered received and referred to the street committee.

Member Bryan submitted a petition from merchants and owners of property abutting on lower Market square asking that the expansion be cut down to an eight foot width so that the street could be widened and used for parking space. The expansion is now 20 feet wide and the plan is to take 12 feet off each side. It was ordered received, filed and referred to the street committee.

To Change Parking Rules. Member Bryan also presented a petition signed by a number of merchants asking for a change in the parking regulations in the con-

gested business district. He explained how the present system of permanent parking on the south side of Sixth street makes it an offense to stop on the other side of the street where a person would like to stop for a few minutes to transact business. It is also claimed to injure the business of those whose places front the permanent parking stations. Member Bryan said Sixth street for an example, the same applying to Fifth, Fourth and Third streets. President of Council Wexford weighed in with the suggestion that the ordinance committee in giving attention to new traffic regulation, should look into the matter of second-hand cars being left in parking spaces as sales places. Safety Director George Koerner called attention to the numerous street garages and suggested the new legislation cover them also.

Service Director Chas. Wilson asked for suggestions on a problem he has confronting him on the Third street side of Anderson Bros. store where the sidewalk is entirely blocked in by remodeling. The matter was left in the hands of the Service Director and Chief of Police to regulate.

Joseph Mitchell, who has been compiling considerable data on the re-districting of the city for sewer assessments was allowed \$750 for his work in the Seloto river district. Auditor Chandler presenting the account.

Mr. Chandler also reported that the Sinking Fund Trustees and Sinking Fund Commissioners had refused to purchase \$278,650.43

Lawson Run sewer improvement bonds and \$10,500 fire improvement bonds, and reported the Sinking Fund Commissioners had purchased \$15,000.37 bonds covering the proportion of the cost of improving Cole's Boulevard.

Reports Assessments. Clerk Chandler also reported tentative assessments had been fixed as follows: Green street, \$3.25 per front foot; Twenty-third street, Waller to Seloto Trail, \$12.55; Jackson street through Homestead addition, \$9.19; Georgia alley sewer, \$1.10; Holly alley, paving, \$3.63.

Service Director Wilson presented the curb filling station matter to Council when he asked if there was legislation governing installation of these tanks and pumps on city property. Solicitor Johnson and Clerk Chandler explained that legislation had once been prepared regulating installation of such stations but that it was never passed. After Chief Leeson told of a large storage tank containing 90,000 gallons of gasoline within the city limits without a safety embankment around it a motion was made declaring the curb stations fire hazards and ordering in legislation providing for their abatement and prohibition, the legislation to contain provisions covering erection of large storage tanks.

Member Bryan said that the matter of protection about the large storage tanks was of vital importance and the most important matter considered by this Council, adding that too few realize the damage that can be caused by the wreckage of a 90,000 tank of gasoline and probable fire.

Submits Report. Member Bryan of the Finance Committee then submitted his Committee report acting in place of Miss Anna Cramer who was absent. This report was as follows:

To the President and Members of Council:

Your finance committee begs to report the following recommendations and has instructed the city solicitor to prepare and present for your consideration, appropriate legislation to cover:

1. Renewal of \$8,000.00 and interest from November 24, 1923 to July 17, 1924, applying on the improvement of Jackson street in the Homestead Addition.

2. Renewal of \$11,700.00 and interest from December 7, 1923 to July 17, 1924, applying on the improvement of Twenty-third street.

3. Renewal of \$10,000.00 and interest from January 1, 1924 to July 17, 1924, applying on the improvement of Grandview avenue.

4. Renewal of \$8,000.00 and interest from November 24, 1923 to July 17, 1924, applying on the improvement of Brigs avenue.

5. Renewal of \$15,000.00 and interest from November 24, 1923 to July 17, 1924, applying on the improvement of Fourth street (below Market).

ABIE, THE AGENT

Local Minister

Endorses "Dreco"

71 Year Old Rector of Pentecostal Church Declares for First Time in 15 Years He Knows What Relief From Suffering Is Like

The Dreco Expert now making his headquarters at Stewart's Drug Store says he's never seen a man so quickly take to a remedy as Dreco. Never a day passes he says but what several of those who bought Dreco stand in to tell how it has helped them.

Mr. A. E. Loper, the popular minister of the Pentecostal church who makes his home at 1413 Summit St., Portsmouth, recently gave this statement to the Dreco Expert:

"This is the first time in 15 years I know what it is to be free from suffering," he states. "During that period I suffered agonies with indigestion. Sometimes after eating I felt like I had a ball of fire in my stomach. I suffered so from heartburn and a soreness was always burning in my throat. I was nearly crippled with indigestion. I tried everything to get relief and I had dull gnawing pains in the stomach. I had taken enough medicine to float a small boat."

"Strange as it may seem I got relief from the headaches and started sleeping soundly after the first couple days of taking Dreco and when I had finished the first bottle the indigestion, heartburn and dizziness had been entirely overcome. I've taken more Dreco since then to make sure of permanent relief and am mighty glad I did for I had an arm and some ribs broken recently and don't think I would have been able to stand the shock if it hadn't been for Dreco strengthening me."

Dreco is made by the famous Dr. H. T. Fulton & Bros., Baltimore, Md., and is being specially introduced in this section by Stewart's Drug Store and sold by drug stores everywhere.

Call today at Stewart's Drug Store and ask to talk with Mr. O'Connor, the expert from the Dreco Laboratories. He will courteously tell you of the merits of this wonderful remedy. Also he will honestly tell you whether or not he thinks Dreco will benefit you.—Advertisement.

To Buy Plant Site. A resolution was passed providing for the appropriation of \$7,500 to pay for real estate for a site for a sewerage disposal plant at Selotoville.

Member Hooper introduced an ordinance providing for the appropriation of a car for the fire chief. Member Bryan again called attention to the financial condition of the city and said that the finance committee had provided for about \$600 for a chief's car and that only this amount should be used at this time. Member Day Duveneck added words of disapproval to the ordinance stating that the Safety Fund would be very short at the end of the year.

Motion Loses. When members Bryan and Duveneck voted "no" the motion to suspend rules lost. Member Hooper had plans for the new fire station at Selotoville with him but stated the estimate was way beyond expectations and that it would be better for the committee to go over the plans again before presenting them to Council for approval.

Member Hooper presented a plan for the policemen who are late in starting on their vacation as no money was provided for vacation. Member Bryan stated that it was not the fault of the finance committee and suggested the special police fund be used. After some discussion Member Bryan made a motion ordering in legislation for an appropriation to cover pay for police on vacations.

Ordinances introduced by Member Dickey of the Street Committee were passed. They included ordinances correcting defective legislation on the paving and collecting assessments on the street west of Market; construction of sanitary sewers in Buskirk alley and in Norwood addition. The Pure Milk Company was granted the right to build a man hole in a sewer that will run under their new storage building on Gallia street east of Clay.

Member Duveneck reported that the Public Service Company is making a cost charge minus \$25 when a line is run for a party some distance from an established line and that as other persons cut in the line a rebate is made to the first person. He also reported the need of extending a water main in North Moreland addition for better fire protection. This matter was referred to the Service Department. Mr. Duveneck reported that he had met with officials of the Public Service Company regarding the new industrial rates for electricity but that the committee would not make a report until next meeting.

Member Ben F. Stewart of the Hospital Committee submitted the following report:

To the President and Members of Council:

"First—After a careful survey of the New City Hospital, along with the architect and the superintendent,

of the Hospital, we found some minor changes to be made, which would be to an advantage in conducting the affairs there. These changes were suggested by the Hospital Superintendent and met with the approval of the architect.

We are pleased to report that the first floor of the North Wing of the New Hospital will be ready for occupancy within about ten days, thereby making room for ten additional beds.

Second—We suggest that each of our recommendations stated herein be approved by the Council in order to be carried out.

Third—We recommend that the City Council take such steps as necessary to comply with our plumbing inspectors order, in which he states the following: "After a careful inspection of the existing plumbing in the old part of Homestead Hospital, I find that the same does not meet any of the requirements of the Ohio Building Code and I desire to call to your attention Section 12600-174 General Code 'Old house drains and sewers. Old house drains may be used in connection with new buildings, or now plumbing, only when they are found, on examination and test, to conform in all respects to the requirements governing new sewers or drains, as prescribed in this code."

If the old work is found defective, the inspector shall notify the owner to make the necessary changes to conform with the code."

The fixtures in this old part are not vented, the drains are too small to properly carry away the waters therefrom, and most of these fixtures are obsolete. A smoke test would undoubtedly show many leaks. This condition makes it dangerous to the health of patients and employees and would fill even the new part of the hospital with dangerous and obnoxious gases.

I have no desire to embarrass your committee nor the building commission and I have some concern for economy but it would be poor economy to spill the splendid new system of plumbing by allowing the existing plumbing to remain in use.

Therefore, I have no other choice than to condemn such existing plumbing and to order the same to be made to comply with Section of the General Code referred to above."

An inspection of the old hospital will disclose that each change such as he recommends, to be necessary for the protection to the health of our citizens.

Fourth—We recommend that steps be taken to employ a permanent instructor at the hospital. The same has been advised by the chief chemist, Miss Caroline McKee of Columbus, Ohio. This will relieve the superintendent of this duty as she will have enough to keep her busy by the many duties which she must perform, as superintendent.

We are informed that the instructor can supervise one of the floors along with her other work. The salary of the position will likely be \$125.00 per month and will be a valuable asset to our hospital.

Fifth—We recommend an increase in salary for the superintendent of the operating room, whose present salary is \$110.00 per month to \$125.00 per month.

Sixth—We recommend an increase in salary for each graduate nurse, whose present salary is \$3.00 per day to \$3.50 per day.

Those increases, as recommended are justified by the additional services which will be required by the enlargement of the hospital which necessitates more work on the part of the employees.

Seventh—We recommend that an ordinance be passed, requiring all milk sold within the city to be pasteurized, thereby preventing disease caused by such germs as live in unpasteurized milk.

Eighth—We recommend that the entire city council, as a body, or individuals, make an inspection tour of the hospital, if they have never done so before, that they might be better acquainted with conditions as they are, at this time.

Respectfully submitted, Ben F. Stewart, Owen Hooper, J. R. Hooper.

Member Duveneck asked who was to blame for this needed change in the plumbing, adding that the architect, contractor or commission should have seen to it that renewing of the plumbing was in the contract.

Each recommendation was considered separately. Members Bryan and Duveneck voted "no" on the motion to bring in the legislation providing for estimates on the renewing of the old plumbing.

The same members voted "no" on the motion ordering in legislation for an instructor. Mr. Duveneck was the only one opposed to the motion ordering in legislation providing for an increase for the operating room superintendent. All voted favorably in ordering in legislation for increases for graduate nurses. It was decided that the matter of pasteurizing of milk was a matter for the Board of Health.

Clerk Chandler read for the second time the ordinance abolishing the position of clerk to the city treasurer. When an motion was forthcoming it was laid aside until the next meeting.

Council voted favorably on a motion to pay George Wilhelm \$144.44 the city owed for surveys on the Scherer Hollow road from North street to the addition to Grandview avenue. This was the balance of an old account. Estimates of \$16,329.50 for the paving of an extension of Charles street, \$13,440 for sanitary sewer in alley near Thirteenth and Gay streets \$204.15 for a branch or connecting sewer to the Gay and Thirteenth sewer, were received and filed and legislation was ordered prepared for the work.

Safety Director Koerner reported that the N. & W. wanted permission to change its running bell from the east to west side of the track at Eleventh and Gay streets and the permission was granted, the committee on railroads being instructed to see the railroads about putting warning bells on all their unguarded crossings.

On motion of Mr. Bryan legislation was ordered in providing for bond issues covering the city's proportion of the cost of improving Harding avenue, Bannock street and Locust alleys and resurfacing of Second street.

Member Ben Stewart asked for a street light at Twenty-first and Summit street and this was referred to the light committee. On motion of Mr. Bryan the engineer was ordered to bring in estimates on the enlarging or altering of sewers on Gay street and Jefferson street which prove inadequate during hard rains.

On motion of member Bryan the Street Committee was instructed to look further into the matter of securing a right of way for a road or street over the proposed Scherer's Hollow route.

On suggestion of Member Hooper, legislation was ordered prepared for the sale of the building occupying the site of the new fire station at Selotoville.

Legislation was also ordered in for a bond issue to cover the city's proportion of the cost of constructing a sewer on Harding avenue.

Have You A Nervous, Gassy Stomach?

Persons who cannot truly be called dyspeptic are often bothered with a nervous, gassy stomach. They get pains about the heart or in the abdomen as a result of gas pressure. Sometimes the heart palpitates or flutters in an alarming manner, especially at night, perhaps keeping the sufferer awake for hours. Headaches, dizziness, extreme nervousness, nervousness after eating, difficult breathing, bloating and gassy eructations, among the most common symptoms experienced.

If you want to be free from all the above troubles, take Zepa Gas Tablets before and after meals. They usually give prompt relief from acute attacks and are absolutely harmless. Get a dollar package today.

Sold in Portsmouth by Fisher & Streich, Pharmacists, or any of the reliable druggists. Look for the name "Zepa." Marked & Registered, C. M. R. San Francisco, California.

Member Bryan submitted a petition from merchants and owners of property abutting on lower Market square asking that the expansion be cut down to an eight foot width so that the street could be widened and used for parking space. The expansion is now 20 feet wide and the plan is to take 12 feet off each side. It was ordered received, filed and referred to the street committee.

To Change Parking Rules. Member Bryan also presented a petition signed by a number of merchants asking for a change in the parking regulations in the con-

GOLDSTEIN WINS

NEW YORK, July 17.—Abel Goldstein, holder of the world's 118-pound pugilistic crown, successfully defended his title in a listless 15-round match against Charles Ledoux, of France, former European heavyweight champion, at the Velodrome A. C. last night.

Goldstein knocked Ledoux to the floor twice but could not produce a finishing punch. Goldstein was awarded the decision on points.

BUT NOT, BUT NOT

It occurs to me that, for reasons memory of that marvelous repast which should be obvious enough, it will be as well if, in these memoirs of mine, I refrain from attempting to set forth my adventures in their chronological order. All policemen are not fools; if I should trace with too great exactitude my various movements, dominant suspicions would become wakeful. Moreover, it is not my intention to publish all my adventures. I prefer rather to confine myself to those incidents which have in them something of the unusual. In presenting the history of an artist, one does not deem it essential to relate where he purchased his brushes. And I am an artist.

Behold me, then, seated at a table on the terrace of the Cafe de Paris, sipping my coffee. It was the atrocious deception, rather, which the French call coffee. It is, this coffee, the only blemish upon an otherwise charming people. And I will confess, with what hesitation may seem suitable to the prejudices of the day, that I had mitigated its bitterness with some fine champagne. Moreover, I had dined at Ciro's, and nothing could efface the

Local Man Accused of Stealing Tire

HUNTINGTON, W. VA., July 17.—Four men, alleged to have stolen an automobile tire from a car in the vicinity of Ashland, yesterday, were taken into custody here several hours later by Chief of Police C. A. Muhliff and Detective John Adams. All were lodged in jail to be held pending further investigation of the case. They were registered on the police blotter as:

THE WIFE WAS FRANTIC IN HER PLEADINGS.

She was well worth the glance I gave her. I have seen few lovelier women than this young American—she was patently that—who sat beside me. Black hair and blue eyes lent to her an exotic air that was enhanced by the olive hue of her skin. I judged that in her ancestry might be found some granule of old Spain. She was dressed prettily, but not nearly as expensively as most of the other women present. And she wore no jewels whatsoever, save a narrow gold wedding ring. Nevertheless she was the most striking-looking woman in the room.

CITY ANSWERING LORAIN'S CALL, "WE NEED HELP"

Oscar Knorr Falls Into Sewer, Says He Is Permanently Injured; Sues For \$12,500

(Special to Times).
SPRINGFIELD, O., July 17.—Charging that because of alleged neglect on the part of the city in maintaining a sewer opening at Fountain road and Englewood road,

he fell into the sewer and was injured, Oscar Knorr has filed suit against the city of Springfield in common pleas court for \$12,500. Knorr alleges that through neglect on the part of the city the ground surrounding the sewer opening was

undermined. He says he was permanently injured.
Mr. Knorr was for many years a well-known resident of this city and was identified with the Portsmouth Brewing & Ice company.

Exchangeites Bat .300 Around Dinner Table; But On The Field; Oh That's a Different Story

Forty-seven members of the Exchange Club and their guests voted the outing at the Fred Lory camp yesterday afternoon and evening one of the most successful affairs the club has ever held.

Under the tutelage of Capt. Baughman and George Breece, the regulars practiced baseball for an hour. Then the youngsters had their turn on the diamond playing indoor baseball.

Of the grounds. According to the best information obtainable, two ringers were pitched during the entire afternoon. Charlie Downing being responsible for one. Clem Switalski the other. Their photographs were immediately taken.

Col. F. A. Hunter and E. H. Kiser, of Columbus, special commissioners, representing Governor Donahay and Chairman F. A. Miller, of the Commission for Northern Ohio Tornado Relief, which is raising \$600,000 for Lorain and the devastated Northern Ohio area, paid Portsmouth a flying visit yesterday to inspect the organization plans. In a conference with the local committee they said, "Every city and village as the state must meet its individual quota quickly if distress in the storm area is to be relieved."

The only 100 percent efficient player on either side was Russ Anderson, who tried his hand at umpiring, and ruled to suit his fancy. He scored most of the outs, and not a few of the runs.

The Edwards team won out 25 to 23, or at least that was the score when the dinner bell rang. Anderson declared the game forfeited, but to which team no one seemed to know.

Democrats

(Continued From Page One)
quarters to the fact that the Democrats had for 8 years placed their destiny completely in the hands of one man, President Wilson. Mr. Wilson never was much of a believer in party organizations as such and he did little or nothing to keep the National Democratic machine intact.

There is so much work to be done by the Democrats, however, that it is felt regional assistance not only is needed, but will be welcomed by the sagging state machines.

Mr. Davis is going to call upon the "very best minds" of the party in each state. He has been provided cooperation all along the line. Prominent men like Governor Cox in Ohio are to be asked to lend a hand at the wheel and under their influence it is believed the state organization can be revived for National duty.

Democrats are to be urged everywhere to put forth their best men for state office this year so that the National ticket may have the benefit of every far-flung local influence.

The task of building before the Democrats is an enormous one and that is why John W. Davis, the candidate, is thinking of advising change in the Democratic form of organization. He realizes the burden will be too heavy for one man. There is too much ground to cover. Therefore, in addition to the National Chairman, yet to be chosen, there will be a sort of board of directors in touch with headquarters, with regional directors scattered throughout the country.

The Republicans adopted this form of organization in 1920 but are generally discarding it as unnecessary this year. Under the regional plan one man has general supervision of the campaign in five or six adjacent states. Some of the Republican "best minds" were not satisfied with the scheme and felt that better results were to be obtained by leaving each state organization supreme in its own territory and subject only to the general "advice and consent" of the Na-

He is just as guilty of murder and just as responsible as if the baker had pulled the gun and shot the spider.

"It is the same with these university students. They departed a long way from the actions of the 'average man,' and they were remarkable students, and their interests were along strange lines, but that cannot possibly excuse them for the murder they committed."

Interest in the sensational murder trial scheduled to open in criminal court before Chief Justice John R. Caverly, August 4, is becoming more intense. Both states attorneys and counsel for the defense admit it will be a hard fight to obtain a jury men on the jury who are not familiar with the facts in the case and who have not already formed an opinion as to the guilt or innocence of the confessed slayers.

Child Labor Bill Will Be Opposed By Ohio Grange

ZANESVILLE, O., July 17.—(By the Associated Press) Assigning six reasons for its actions, the Ohio State Grange late yesterday went on record as opposing state ratification of the federal child labor amendment which will be before the legislature for ratification next January.

Child Labor Bill Will Be Opposed By Ohio Grange

The motion charges that ratification would result in invasion of the home, local community and state by the federal government; that it would give congress power to prohibit essential and healthful labor on farms of children eighteen years of age; that it would entail great expense and set up a force of national enforcement officers, duplicating those already in the state; that it would be another step towards centralized government and that the involuntary idleness by law would be a step toward demoralization of society and destruction of government.

U. S. Flyers On Coast Of The Atlantic

BROUGH, ENG., July 17.—(By the United Press)—Lieutenant Lowell Smith and his comrades on the U. S. Army World Flight arrived safely at Brough today, having flown from Croydon Airfield, outside London, in two hours.

The leading plane piloted by Smith, landed at 1:10 p. m. The others a moment later. They left Croydon at 11:10 A. M.

Here the flyers will remain until July 25, while their planes are equipped with pontoons for the homebound journey across the Atlantic via the Orkneys, Iceland, Greenland and Labrador.

Brough is on the coast near Hull, England, less than 200 miles from London.

But 7,000 miles remain to be covered before the flyers will have completed their world journey.

A small group of British air service officials waved farewell and "Bon Voyage" as the three American planes took the air from Croydon Airfield at 11:10 a. m. toward the westward to gain altitude and then swing about and made off on a bee line for Brough.

Before taking off, Lieut. Smith expressed confidence that Major MacLaren, the British airman, who was reported missing somewhere in the Kuriles Islands, northeastward of Japan was safe.

"Probably he landed at one of the hundreds of small islands abounding in that region," Smith said, hopefully. He said the fishermen of the region were aware of the world flights and would do everything in their power to help MacLaren.

The new engines, such as will be required when the planes are equipped for sea flight, and three sets of floats were lined up in readiness for the Americans when they arrived.

A big force of mechanics was on hand with orders to speed up the work, which it is estimated will require three days.

Several hundred spectators and British aviation officials welcomed the flyers, who circled the field and made perfect landings.

PRISON DOORS CLANG BEHIND JUDGE POWELL

JACKSON, O., July 17.—(Special to The Times)—Former Probate Judge Basil M. Powell, indicted Tuesday by a grand jury, was arraigned late Wednesday afternoon, entered a plea of guilty to embezzlement of public funds, was sentenced to the Ohio penitentiary for a term of from two to ten years, and this morning the doors of the Columbus institution clanged behind him.

Common Pleas court convened at 8:30 o'clock yesterday afternoon with Judge Benner Jones on the bench. Powell, who was released on \$2,000 bond Tuesday, after the indictments were returned, appeared in court at this hour and entered his plea of guilty.

Mr. Powell appeared in the court room unaccompanied, and had no attorney. He himself is an attorney, and he entered his plea of guilty in a firm tone.

When sentence was passed, the accused stood calmly facing the court, and made no plea for himself.

Commenting on the sentence Judge Benner Jones said: "This is a case where a county officer betrayed a trust of the people, full well knowing the consequences. We must put

sentiment aside in the administration of justice."

Powell was placed in the custody of Sheriff McCoy, but did not go to jail until about ten o'clock last night. He spent the remainder of the afternoon and early evening in shaping up his affairs so he could leave this morning for Columbus. Sheriff McCoy took Powell to Columbus on the five o'clock Hocking Valley train this morning.

One of the indictments was a blanket indictment covering the total shortage. One indictment was for \$1,847.57 of county funds embezzled. A third was for \$1,186.61 of state funds embezzled, and the last one was a joint indictment covering both state and county funds. Several hundred dollars due local people and business houses for services rendered the court, such as official printing

etc., is included in the blanket indictment.

Findings of State Inspectors Walter L. Dean and Ralph W. Robbuck were made public Tuesday. A. B. Peckinbaugh, head of the Department of Inspection of public officers of the Department of State, came to Jackson Monday and checked the figures compiled by Examiners Dean and Robbuck. He declared their findings to be correct.

Examiner Dean was the principal witness in the case.

Judge Powell, who resigned July 5, is 32 years of age and has a wife and three children, the youngest being about six months old.

"I was in a weak condition caused from stomach trouble and indigestion, as the little food I ate fermented and soured, and did me no good except to make me feel miserable and cause me to suffer. I was doctoring all the time but nothing helped me. I heard about Ka-di-ok a short time back and started to take it. I am pleased to say that it has helped my stomach, and I have had no further attacks of indigestion since I took the first dose, which I consider remarkable. I eat hearty now, and am putting on a little weight. Ka-di-ok has helped me in every way, and I feel stronger and more vigorous."

Firestone Leads on Speedway With Five Record Breakers

When the race driver selects his tires he does so realizing that his life and chances for success depend upon them. It is significant that all of the ten money winners in the Indianapolis race were Firestone shod. Firestone, using gum-dipping and other special processes, has developed tires to such a high degree of efficiency that at Indianapolis, May 30th, the following drivers broke the world's record for 500 miles over this brick track, making many rounds at over 100 miles per hour.

Never before were tires put to such gruelling service, where it was necessary for every ounce of rubber and every fibre of fabric to work in perfect unison with every other part.

Grand Jury Investigation Is Ordered In Woman Poisoner Case

MT. GILEAD, O., July 17.—(By the United Press)—A grand jury investigation of Mrs. Annora Yeoman's confession that she killed her sixth husband, Lewis Yeoman, by putting poison in his coffee, was ordered today by T. M. Mateer, county prosecutor.

The death of a former husband, Charles McLaughlin, and the serious illness of another, will not be investigated, Mateer said, in view of the "certainty of conviction in the present case."

Sitting placidly in the county jail, Mrs. Yeoman awaits the action of the grand jury, insisting that she has always loved her sixth husband and that she does not know why she poisoned him.

"I only gave him one dose," she said today and then refused, smilingly to discuss the case further or to clear up the tangle of her former marriages, saying that these matters are strictly personal.

According to friends here, Mrs. Yeoman, who is now 40 years old, has been married seven times. Her first husband was divorced but she married him again later.

Four former husbands are still living. All were divorced after brief honeymoons.

Mateer said he expected the grand jury to indict Mrs. Yeoman for first degree murder.

The "mysterious stranger from Detroit" has been given up temporarily as a possible accomplice in the case. According to Mateer this man was introduced by Mrs. Yeoman as her stepbrother. She was in communication with him by long distance telephone the next day he showed up in Mt. Gilead and stayed until Yeoman's body was exhumed and the analysis of the stomach made which resulted in Mrs. Yeoman's arrest.

Refusal of the physician, who attended Yeoman in his last illness, to sign a death certificate, was responsible for the investigation of his death.

Coolidge Will Keep Eye On Maine Election

WASHINGTON, D. C., July 17.—(By the Associated Press)—Republican campaign managers, recognizing the significance attached in the popular mind at least to the quadrennial September election in Maine, are giving considerable attention to that state in laying their plans.

President Coolidge has inquired as to the situation in Maine in several of his recent political conferences, notably in the course of those held yesterday with Secretary Weeks and Senator Brander of Connecticut, and it is expected the Maine campaign will be one of the subjects considered at the conference here early next week between Mr. Coolidge and National Chairman Butler.

Republican leaders in discussing the Maine situation today, were inclined to consider it overemphasized, at least in recent years, the old adage that "as Maine goes, so goes the nation."

Nevertheless, some of the party's best orators will be sent to Maine prior to the state election in September.

Adams County Clue Will Be Probed In Covington Murder

CHICAGO, July 17.—(By the Associated Press.)—The woman's body found Saturday in West Covington, Ky., was not that of Mrs. Bertha Tyree, of Chicago, relatives established today after receipt of new dispatches stating that a partial identification had been made.

Mrs. Tyree, a negro vaudeville performer, is now in Chicago, and as late as Tuesday conferred with booking agents.

Explanation of the connection of Mrs. Tyree's name with the finding of the body was seen in the fact that the Chicago woman, on a recent tour in Ohio lost some of her hand baggage at a hotel.

WEST COVINGTON, KY., July 17.—(By the Associated Press.)—Efforts of officers working on the West Covington murder, which has gone unexplained for several days, concentrated today on the finding of Mrs. Bertha D. Tyree, Chicago cabaret singer, who was reported missing.

The finding of a pair of Oxford shoes, a faded hat, a Christian Science book and an insurance policy made out in the name of Mrs. Bertha D. Tyree, near Seaton, Ohio, on July 5 gave officers one of the few substantial clues.

Coincident with the discovery of the articles, Mrs. Stella Boulton, of Carthage, Ohio, appeared at Covington police headquarters and said she was almost positive the dead woman was her sister, Miss Rose Klause, 30, Cincinnati, who disappeared a week ago yesterday.

Mrs. Boulton said two toes were crossed on her sister's left foot and that she could easily identify the body if it were exhumed.

Kenton county authorities said they would disinter the body if Mrs. Boulton would stand the expense incident to exhumation and reburial.

CHICAGO, July 17.—(By the Associated Press.)—Police today were enlisted in the effort to establish the identity of a woman whose body was found Saturday in West Covington, Ky.

Two new clues came to light today in a letter addressed to Mrs. Bertha Tyree at Chicago, in which two addresses, presumably of relatives of the

addressee were mentioned.

The letter, apparently from the mother of the person to whom it was addressed, was undated, but was postmarked Urbana, Ohio, June 17, 1924. It was signed "Your Mother, Mrs. Mae Dickerson."

It mentioned Mrs. Gertrude Brown, 171 Washington street, Urbana, Ohio, as a sister of Mrs. Tyree. Another address mentioned in the letter was "21 Union Place, Summit, Missouri."

Residents of the neighborhood confirmed reports that a woman who had been living at a rooming house in the vicinity had been "out of the city" for two weeks, but none was able to give any further clue.

"I am so sorry," Mrs. Dickerson wrote, "and cannot understand why father did not give you Gertrude's address. I am sorry you went away without seeing Gertrude."

Police believe "Gertrude" is Mrs. Brown.

SPRINGFIELD, O., July 17.—Mrs. Bertha Tyree, of Chicago, daughter of Mr. and Mrs. Lewis Dickerson, of Urbana, is alive and now at her address in Chicago, according to her father, who said Thursday he had just received a special delivery letter from her.

Two Couples Injured When Auto Hits Bank

William E. White, 18, and Fred Hiltbrand, 19, of Sinking Springs, Pike county, and Misses Edith Legg and Bessie Loomer, both 18, and cooks at the Pike County Home, were injured Wednesday night in an automobile accident on Scoto Trail at the second underground crossing north of Lucasville. White, who

It Never Fails to Satisfy. Golden Dream Coffee At Your Grocers

was driving, claimed he did not know of the underground crossing, and instead of making the curve to go under the railroad, shot straight ahead up the bank, wrecking the machine. White and the two girls were the most seriously injured. Hiltbrand escaping with bruises. The injured were brought to Hempstead hospital at 9:45 p. m. by a passing motorist and Dr. A. L. Test attended them. White, who is a mechanic, was cut and bruised on

the forehead, hip cut, and left arm bruised. Miss Legg was cut on the right hand near the thumb, a stitch being necessary to close it. Miss Loomer sustained a sprained right wrist. They were dismissed from the hospital about 11:30 o'clock last night.

According to White, they were en route to Portsmouth to a picture show and were driving fast on account of it being late.

"Portsmouth Day" at Raceland; 200 Boosters On C. & O. Special

When the C. & O. special pulled away from South Portsmouth this afternoon at 1 o'clock for Raceland, over 200 boosters were on it. More than twice this number motored to

Raceland, where Portsmouth Day was observed today. Word from Raceland this afternoon was to the effect that the largest crowd since the races

were started was present and Portsmouth boosters wearing white hats and badges were conspicuous in the throng.

'Auto In Accident; Two Charges Follow

Allen Sanders, Mrs. Charles Watkins and Mrs. Ida Berry of New Boston were taken into custody by Marshal Ollie Carlsby and Constable Dan Cullum of New Boston, about 6:30 o'clock Wednesday evening, following an automobile wreck at Carlsby, near Star Yard.

Sanders was driving a new Chevrolet car owned by Mrs. Berry and at Carlsby he sent the car across the road and down a bank. Officers called to the scene claim they found a gallon of liquor with Sanders' coat and evidence that another gallon had been broken in the accident.

Sanders is held in jail on charges of driving amuck while intoxicated and possessing moonshine. Mrs. Berry is charged with transporting moonshine and intoxication. Mrs. Watkins is charged with intoxication. The women were released on bond last night. They will be given a hearing before Mayor Bierley.

COLUMBUS SCRIBES HERE TO GATHER DATA ABOUT HIGHWAY

The three Columbus newspaper men, F. W. Todd, state editor of the Columbus Dispatch, Robert S. French, staff correspondent for the Dispatch, and Robert H. Wolfe, nephew of Robert Wolfe, owner of the Dispatch, who arrived in Portsmouth last night on a tour of the Atlantic-Pacific highway spent the morning

taking photographs of interesting scenes along the highway in this vicinity. They are writing a series of articles "On the Trail of the Prairie Schooner," describing scenes and conditions along the highway. They began their journey at Higginsport and will continue to Belleaire.

Award Elevator Contract

Abbe Drinker, local representative of the Otis Elevator Company, Cincinnati, received word today that his firm had been the successful bidder on the contract for installation of

elevators in the new Hurth hotel. The plans call for one passenger and one freight elevator. This passenger elevator is to travel at the rate of 550 feet per minute.

One Kidney Is Removed

Fred Campbell, 24, N. & W. hostler of 613 Eleventh street, was removed to Hempstead hospital last night, and this morning submitted to an operation for removal of a kidney. An X-ray taken

recently showed a stone in the kidney but when the operation was performed that organ was found in such a condition that removal was necessary.

Wheeler Will Stump Ohio In The Campaign For La Follette

WASHINGTON, July 17.—(By the United Press)—Senator Burton K. Wheeler, Montana, who investigated former Attorney General Harry M. Daugherty, resulting in the Ohioan's retirement from the Coolidge cabinet, is going to stump Ohio in behalf of the presidential candidacy of Robert M. La Follette.

He announced late yesterday that he could not support the presidential candidacy of John W. Davis because of Davis' "Wall Street connections." These, however, have now been cut off by Davis.

Faces a Disorderly Charge

Norman Frater of Miami's Run pie was taken into custody on a disorderly conduct charge by New Boston officers last night after his wife had complained that Frater

was back at their home causing trouble. Mr. and Mrs. Frater have been separated. He will be given a hearing this evening before Mayor Bierley.

Gallagher Returns; Is Arrested

W. M. Gallagher of near South Webster, was returned to New Boston yesterday by Constable Ray McCormick of that village and Constable Andis of South Portsmouth. Gallagher is charged with possessing moonshine and being against Gallagher who was to have been used as the main witness for

the state in the hearings of four men arrested near South Webster two weeks ago. Officers claim Gallagher was injured to leave the state so that he would not appear against the quartet who are to have a hearing Saturday before Mayor Bierley.

Child Falls Two Stories; Arm Broken

Little Evelyn Mae Silver, two year old daughter of Mr. and Mrs. Clarence Silver, Kelson Flats, 223 1/2 Market street, who fell from the second story window to the sidewalk yesterday, spent a restless night but is some better today, according to reports from her home this morning. The child was playing near a window in the dining room, which is located on the third street side of the house. It is thought she fell from the window in trying to recover a dropped plaything. She was picked up by a man who did not give his name. Dr. Albert Brandt was called and after careful investigation revealed that the child's arm was broken above the wrist, her left shoulder was painfully bruised, and the left eye swollen shut.

16,000 Phones Are Put Out By Storm

ST. LOUIS, July 17.—Damage estimated at approximately \$200,000 was caused by a severe electric storm here early today which disabled 16,000 telephones and 20,000 electric light connections. The 34 mile wind destroyed thousands of trees. The damage was greatest in the south-west section of the city where street car service was paralyzed. Rain from 1 to 2 1/2 inches is reported to have fallen generally over Missouri.

Speeders Fined

Two candidates were initiated and one application for membership was received at last night's weekly session of Quwan Council Degree of Localities. Lucy Downing of Red Wing Council, Waterville, was a visitor. A class initiation will be held in two weeks.

Father and Son Badly Hurt In Auto Accident

Charles Moritz and son, Howard, of 423 Waller street, were seriously injured this afternoon in an automobile wreck at Star Yard. Mr. Moritz suffered profound shock, fracture of a shoulder bone, serious scalp wounds

that bled the skull bare, and was weak ribs. Howard Moritz sustained cuts about the head, face and neck which required a number of stitches. He was sent home from the physician's office in an ambulance.

ED V. LEACH DECLINES APPOINTMENT TENDERED BY "SIEBER FOR GOV. CLUB"

Portsmouth, Ohio, July 17.—To the editors of the Times—I would like enough space in your valuable paper to deny the Associated Press dispatch item under a Springfield, Ohio, date line, that appeared on the issue of Thursday's Morning Sun, which connected me with the state organization of the "Sieber for Governor Club."

Needless to add that I appreciated the compliment paid me, for the announcement was a great surprise to me. I have a very high personal regard for Joseph B. Sieber, and believe he is of gubernatorial caliber and would make Ohio one of her best chief executives. And yet at the same time, I have no desire or inclination to take an active part in politics, and as I stated the appointment on the organization committee came as a distinct surprise to me.

In that I had never been consulted concerning the matter. Mr. Sieber, I must admit, won my deepest esteem when he came to Portsmouth last spring and inspected Yeading Grotto. The address he delivered on that occasion was a masterpiece, and proved conclusively that Mr. Sieber, who is a state officer in the Grotto, was a man of wonderful ability. Since that time, I had the pleasure of meeting Mr. Sieber in Columbus—the occasion being a meeting of the Columbus Grotto, and which was attended by more than twenty members of Yeading Grotto. I knew at that time Mr. Sieber was seriously considering making the race for the nomination of governor of Ohio on the Republican ticket. Out of

pure friendship, of course, I felicitated him upon the plan and wished him well, but further than that I have done nothing that could in any way connect my name as an active worker in behalf of Mr. Sieber's candidacy. My time is too much taken up in working to the interests of my employer for me to devote more than passing interest in behalf of any candidate, and I have respectfully declined the appointment tendered me. I know too little concerning the political game to begin playing it now, and despite the high regard in which I hold Mr. Sieber, the promoters of his candidacy will have to look elsewhere for a man to represent the "Sieber for Governor Club" in this part of the state.

Very truly,
E. V. LEACH.

Gilmore Is Taken To Ironton

Ira Gilmore, aged 233, of Ironton, an Ironton officer, was arrested here last night by Patrolmen Brown and Dixon. Gilmore was taken back to Ironton today.

Paris Has a New Scandal

PARIS, July 17.—(By the United Press)—Coming as it does so closely after the arrest of Josephine Caillaux, the mysterious death of Les ministres and officer of the Legion of Honor, has aroused rumors of scandal and caused investigation to be started.

Claretie was formerly the husband of Madame Caillaux. His body, horribly mutilated, apparently by a train, was found by a truck walker near the railroad at Rennes.

Preliminary investigation has failed to reveal conclusively as to whether death was accidental. It was apparently established that Claretie left Paris the night before in his pocket. His coat, buttoned, was discovered a mile away from where the body lay.

Friends recall frequent disputes between the journalist and the second Madame Claretie, whom he married after the present Madame Caillaux because of the wife of the ex-premier.

It was in 1914 that the Figaro started publishing love letters which had passed between the first Mme. Claretie and Caillaux.

Will Take No Sassa Off Dawes

FAIRFIELD, Ia., July 17.—"I'll take no sassa off Mr. Dawes."

That was Senator Smith W. Brookhart's answer here today to the query as to what part he'll take in the National Campaign. "Will you do any campaigning for the ticket outside of Iowa?" he was asked.

"Well, I'll attend to Iowa first and besides I do not know just what attitude the national ticket is going to take toward me. I notice that Mr. Dawes has spoken against demagogues in all parties and I don't know whether he means me or not. But I'll take no sassa off Mr. Dawes."

"Does that mean that you may align yourself with your friend Senator La Follette?" he was asked.

"I'll not make a point of fighting La Follette. I'll stay a Republican, but I'll look after my own interests. I'll remember my promises to the Iowa farmers first of all. I think that La Follette will get more Democratic votes than he will Republican and Davis will run third in Iowa."

BREWERY QUARANTINED
PHILADELPHIA, July 17.—All breweries in Philadelphia were today under a twenty-four hour quarantine on orders from General Butler, director of public safety.

Running Fight On City Streets

CHICAGO, July 17.—A running gun fight over several miles of city streets ended today in the arrest of four alleged rum runners and the capture of more than 100 gallons of alcohol.

Collins Fined

Ben Collins, found guilty of intoxication, was fined \$10 and costs and given a 10 days jail sentence by Municipal Judge Sprague, Thursday.

COSDEN RESIGNS
NEW YORK, July 17.—J. S. Cosden, president of Cosden and company has tendered his resignation to the board of directors. His successor is expected to be Jacob France, of Baltimore, a vice president.

MAY EFFECT COMPROMISE
COLUMBUS, O., July 17.—(By the Associated Press)—Compromise measures may soon be discussed by gas companies furnishing fuel to Columbus, and the city council. Negotiations have been at a deadlock since the companies requested an increase in rates and council held out for a decrease.

BUSES KILL RAILWAY
COLUMBUS, O., July 17.—(By the United Press)—Saying that bus line competition has proved its undoing the Southern Ohio Railway Company, today asked the Public Utilities Commission for authority to abandon service between Zanesville and Crooksville.

Crops Destroyed; Kills Self
FREMONT, O., July 17.—(United Press)—Heavy losses in the recent tornado and ill health which had left him unable to work his land, resulted today in the suicide of W. J. Graves, 62, a farmer living near Vicksburg. Graves sent a bullet through his head. His barn and last year's crops were wiped out in the northern Ohio storm.

CHARLES C. BAUER, assistant director of the League of Nations Non-Partisan Association, as he sailed last Saturday with his wife and daughter, Neale. He is en route to Switzerland, to represent his organization at a summer bureau established in Geneva and to co-operate with the secretariat of the league in receiving American visitors.

The Day's News in Pictures

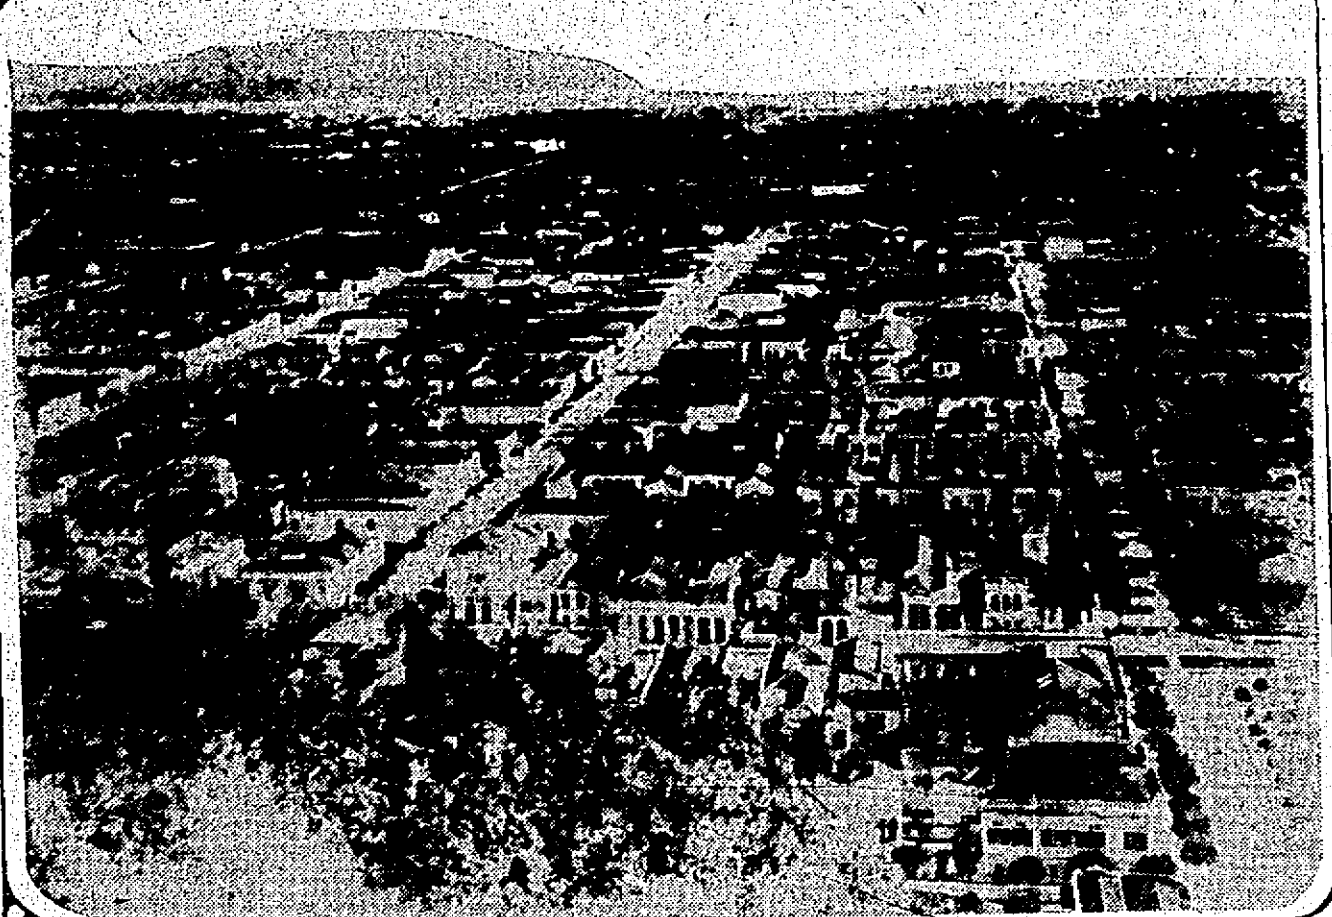

HOW TIMES HAVE CHANGED—The secretary of the navy, Curtis D. Wilbur, fresh from inspections of modern fighting units of Uncle Sam's sea forces, takes a look at "Old Ironsides," relic of the American Revolution, in the navy yard at Charlestown, Mass.

RING-AROUND-THE-ROSIE?—No! American tourists indulging in folk dances at Abisko, Sweden, where they went to view the midnight sun. Abisko is 180 miles north of the Arctic Circle.

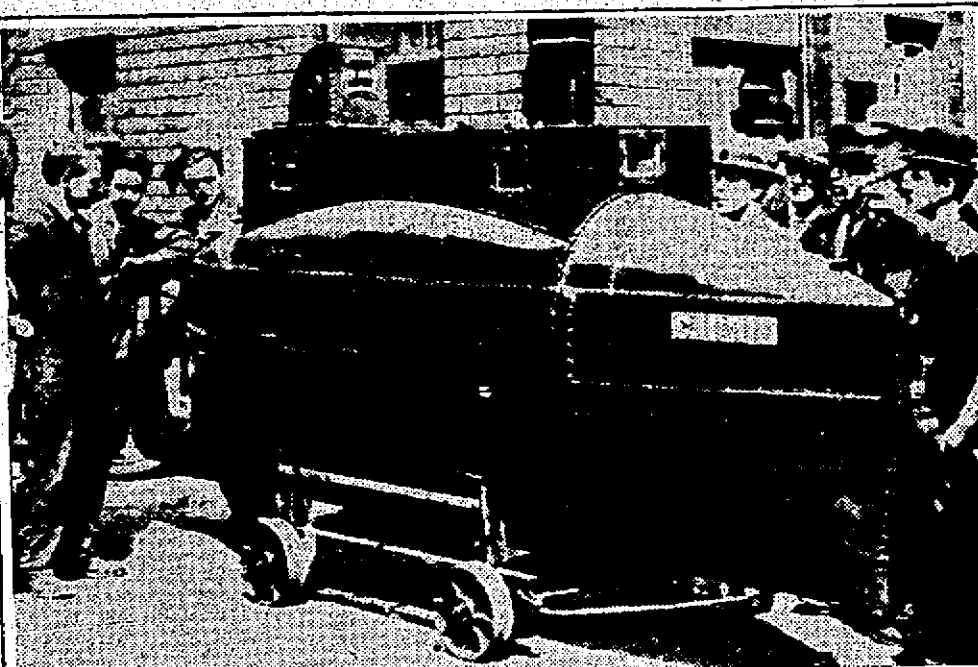

QUALIFIED—For the U. S. presidency is John W. Davis. He is a golfer. What does he go around in? Well, under three hours. This is a view of him on the links near his home on Long Island, N. Y.

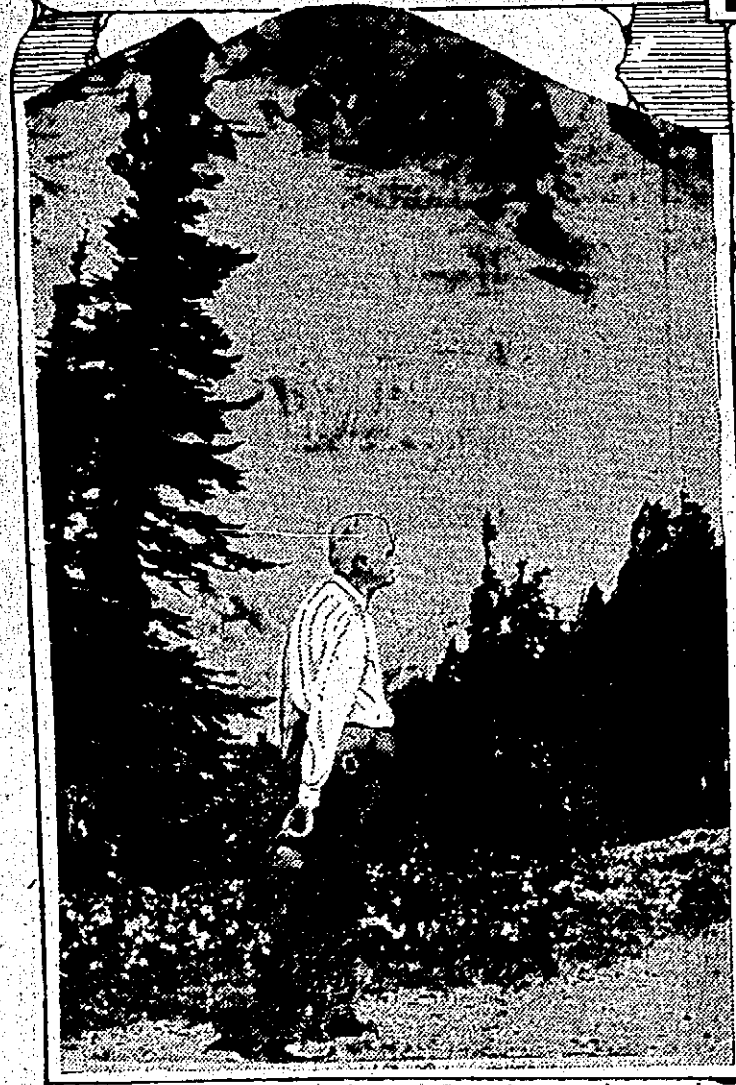

TEMPEST—Is boiling at Sao Paulo, Brazil, coffee center of the world, which revolutionaries, equipped with modern guns and airplanes, and bent on secession, are defending with sanguinary zeal against the federal forces. This is a view of Santos, seaport of Sao Paulo, which rebels hope to hold and insure an outlet to the world.

UNOFFICIAL ENVOY—Dr. C. W. Garrison of Little Rock, state health officer of Arkansas, is representing the U. S. at the League of Nations health convention at The Hague.

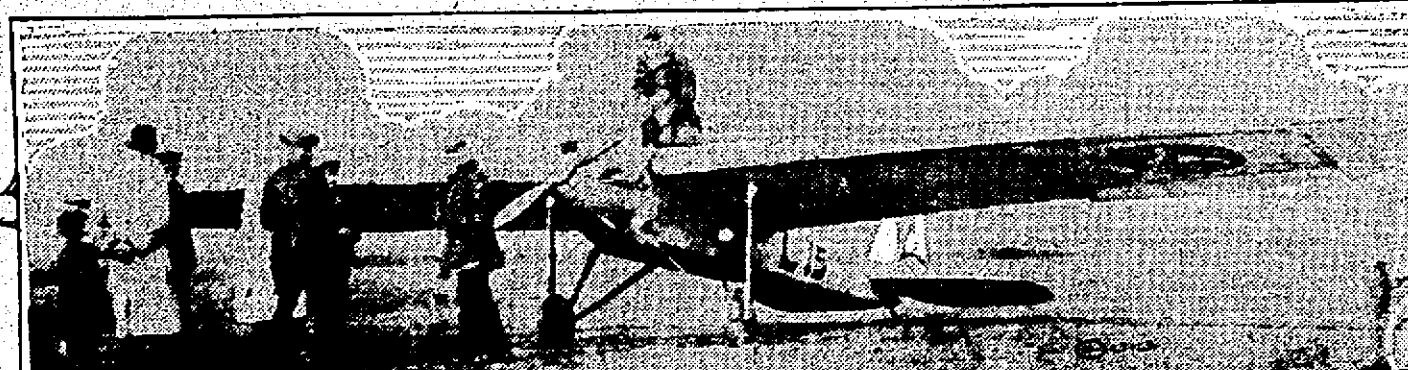

ADVENTURE SHIP—William Oldham, an English engineer, will attempt to cross the Atlantic ocean in this 12-foot power craft, built entirely of steel. He anticipates the trip will take 40 days. Oldham planned such a trip in a similar boat some years ago, but was forbidden to start by the mayor of Liverpool.

PROFITABLE, ANYWAY—Statistics as to how much the enumerable views of this spot have netted the man in the foreground would be interesting; for it is George Eastman, "camera king," viewing Mount Ranier, towering 14,408 feet above sea level in Ranier National Park.

TIMELY—The very newest twist fashion has taken in Paris is the Olympic gown. Its decorations are the insignias and flags of the nations participating in the Olympiad at Paris.

SKY-FLIVVER—Planes like this are being manufactured in numbers at Sindelfingen, Germany, for pleasure and business use. They are equipped with a 2-cylinder, 12-h. p. engine, and have carried two persons as high as 800 meters and remained in the air two hours, a record for lower-powered machines.

BUILDING A CAMPAIGN—The executive committee of the Conference for Progressive Political Action, in session in Washington, D. C., making plans for advancing the presidential candidacy of Senator Robert M. La Follette. Among those shown are: William M. Johnston, chairman of the conference; John M. Baer, Edward Keating, Basil Manly, Mrs. Gordon Norris, Bery Marsh, Miss E. M. Smith, Mrs. Mabel Costigan, Herman Wills.

HOW TO GET MORE MILEAGE OUT OF YOUR AUTO TIRES—Wear them yourself. Walt Louderbeck, American artist, discovered these unusual shoes in extensive use among peasants in Spain, and found them suitable for wear in all kinds of weather.

JUST FOR PLEASURE—Not to acquire any entangling alliances. Charles E. Hughes, the American secretary of state, on his way to Europe with his wife and daughter, Eleanor.

SELLING BECOMES GENERAL IN AN IRREGULAR MARKET

Bethlehem Steel Touches New Low; Local Traction And Several Railroads Reach Year's Top Prices

NEW YORK, July 17.—Contrasting price movements marked today's stock market, which proved unusually sensitive to pressure in pots where stop loss order were uncovered. Persistent buying of traction and low priced railroad issues, however, caused extensive short covering and counteracted early reaction. The closing was irregular. Sales approximated 1,000,000 shares.

NEW YORK, July 17.—Considerable irregularity marked today's initial dealings in stocks. Stewart-Warner declined abruptly more than 6 points to the year's lowest price and later rallied and Bethlehem Steel also touched a new 1924 low on unexpected buying of traction and low priced railroad issues, however, caused extensive short covering and counteracted early reaction. The closing was irregular. Sales approximated 1,000,000 shares.

Third Avenue Railway, Woolworth and Brooklyn-Manhattan Transit. Foreign exchanges opened steady.

Downward tendencies later became more pronounced. Several early gains were cancelled by profit-taking. Pittsburgh, fell back 2 1/2 points while National Lead, West Pennsylvania, Power, Dupont, American Water Works and American Woolen declined 2 1/2 to 4 points. Accumulation continued however, in the low priced rail issues. Rock Island and New Haven mounted to the year's highest levels. Call money opened at two per cent.

ADJUSTOR COPS HANGING ROCK HANDICAP AT RACELAND; TWO LONG SHOTS GIVE BIG CROWD A REAL THRILL

FRIDAY IS LADIES' DAY

(By C. J. Savage)

RACELAND, Ky., July 17.—There was little in the way of class in yesterday's program at Raceland track and less in the matter of preservation of form as all seven choices were bowled over. Incidentally, five of the defeated favorites were of the old variety, and veterans in turf circles searched their memories in vain to recall a similar occurrence on a Kentucky race track in previous years.

Track conditions showed considerable improvement, but the oval was still far from fast. The horses were enabled to run closer to the inside rail than has been the case for several days, and as a result better time was in order.

The only race not run under claiming conditions was the Hanging Rock Purse, which was fashioned for two-year-old maidens. W. T. Crosswath's Adjustment scored in it over Kerachi and Muldoon.

Theodore E. Mueller, Louisville, Ky., sportsman, won two races with Redgold and Finsler. The first named, which is a sister of the celebrated Wise Counselor, came from behind to wear down Nimrod in the fourth number. Finsler just lasted long enough to beat Harry Payne Whitney's Bankrupt a narrow margin in the sixth.

Jockey Harry Gray came into his own when he piloted a pair of winners—Bugler and Silpaway. The latter yielded her buckers \$48.40 for each \$2 straight bet and was the longest priced winner of the meeting to date. Finsler gave the long shot brigade a thrill also as he paid a dividend of \$25.40 for the usual \$2 investment.

The arrival from Chicago of Black Gold, Mrs. R. M. Hoops' four-time Derby winner at noon yesterday, overshadowed interest in the racing among the local populace. Few were enabled to see him as Trainer H. Webb was not long in unloading him and soon had him in stable number five, one of the most commodious barns on the grounds.

"Black Gold stood the trip from Hawthorne in fine style," said Webb, "and he never was in better condition in his life. You can see that he looks better now than on the day that he won the Golden Jubilee Kentucky Derby at Churchill Downs, and he has had his share of campaigning and traveling since then. I plan to breeze him slowly Thursday afternoon and will give him his final trial for the Raceland Derby on Friday. He does not need much work. After his full trial, I intend to ship him to California to give him a well deserved rest until the fall meeting opens there."

Jockey J. D. Mooney, who piloted the won of Black Tenet-Usell in all of his races this year, is due in Thursday.

Bob Hall, one of the Idle Hour Farm's stable candidates for the Raceland Derby, turned in an excellent trial of one and one-quarter miles, the Derby distance, in 2:12.5 between races this afternoon. Jockey Lawrence Lyke, who will ride him in the big stake Saturday, worked him. The colt was timed the first quarter in :24.25; half, :50.10; mile in :1:13.45. Three-quarters in 1:36.00 and mile in 1:43.45. Trainer "Tex" Forman instructed Lyke to shake Bob Hall up near the end, and he struck him three times with his whip in the run through the stretch. At the end Bob Hall was doing his best and was a tired horse. He wore blinkers in his trial.

Atwood, O. Bruce Head's Derby favorite, and considered the most formidable foe of Black Gold, will be sent over the route of one and one-quarter miles between races Thursday afternoon.

Trainer Mose Goldblatt shipped eight horses belonging to himself and Harry Payne Whitney, back to Lorton tonight. They have been out of training for several weeks and a rest for the remainder of the summer is in order for them. Goldblatt will ship twelve horses to finish out the season here with.

Trainer M. Rice has taken over the horses of the Four Oaks Farm Stable. Robert McGarvey has been training them for some time.

Thursday will be a gala day at Raceland as a majority of the business houses in Ashland, Ky., Ironton, Ohio and Portsmouth, Ohio, will close at noon and journey to the race track.

WAKE UP, MOTORISTS

SPRINGFIELD, O., July 17.—Columbus motorists who have just discovered that they may buy gasoline at 17 cents a gallon at a station at Helton, are behind the times, according to local motorists.

Gasoline has been selling at 17 cents at a number of rural stations in South Solon, Jamestown, and other vicinity for sometime, including points at Columbus one may purchase gasoline for 19 cents at one stand while just around the corner it sells for the regulation price of 21 cents. All stations in Springfield are selling gas at 21 cents.

Friday, Round House vs. Carman.
How They Stand

Team	W	L	Pct
Round House	12	2	.857
Clerks	8	7	.533
Carman	5	10	.333
Black Sheep	4	19	.286

The racing Clerks with their speed artist, Fields, on the mound, met and conquered the enemy in the form of the fabled Carman yesterday afternoon on the N. & W. League Golf grounds. Though the score was quite decisive, the Car Knockers threatened more than once to cross the home-platter and each time when they appeared to be on the verge of scoring, the masterful Fields loomed up before them as big as the Rock of Gibraltar.

The game was really a pitcher's duel, as steady Ray Hall was doing slow work for the third and fourth innings, but the Clerks bunched their blows to the best advantage and likewise the ball game. Shoemaker for the Clerks and Glasscock for the Carman, were the big men with the stick. The latter made three hits in as many trips to the plate which in a way, helped to atone for his costly error in the fourth when he allowed a slow roller to "roll" on through him.

Henry Rogers got impaled in the sixth and hit out of his turn, the honor also throwing a monkey wrench into "fled" Barker's (ex-pitcher) chances to break into a ball game.

Fields showed himself to be the most effective in the pinches his retiring of the side on three consecutive strike outs after the bases were full in the seventh, being the high light of the game. Both pitchers seemed to be the most effective against the hostiles' heaviest hitters.

Fields making noble swing through the atmosphere with no results, on three occasions, while the big ball of "Steel" Boyles' batting order didn't look a bit too strong against the slugs of Hall.

Boyle's men were the first to break the ice in the run column, one marker coming in the second frame when Shoemaker, first up, got a free ticket to first and thence working his way to third by the time Glasscock knocked off his first single. They threatened hard in the third and here lost a golden opportunity when with a man on second and third and only one down, Noble and Schumberger struck out in succession for the second and third outs. From this on until the final inning the Car Whackers were as harmless as a flock of young lambs. Fields only allowed one hit in this frame, but a base on balls and an error by Wallis, filled up the sacks and might have led the score had not he immediately righted up by making consecutive strike outs—passed ball being accountable for the Carman's one run registered before the finish.

The Clerks launched their hits in the fourth for their big inning when three swats by Cline, Wallis and Shoemaker coupled with Glasscock's error, put over three runs. They scored again in the last two innings when Shoemaker came through with his second hit at the proper time in the sixth and young Craycraft's bludge being the prime factor for another fully in the final stanza.

Van Sweringen Plans To Merge Erie-Marquette

NEW YORK, July 17.—Plans for the consolidation of the Erie and Port Marquette railroads with the Nickel Plate and other Van Sweringen properties began to take definite form today when O. P. Van Sweringen, of the board of directors and president, respectively of the Nickel Plate road outlined a proposed merger of the properties through an exchange of stock to Chairman E. N. Brown and Frank Johnson of the Erie Marquette, at a conference in the latter's office.

Mr. Brown stated after the meeting that Mr. Van Sweringen had informed him that he had obtained control of "something over 100,000" of the \$50,000 shares of outstanding Erie Marquette common stock and that he would mail him a definite proposal within the next few days.

Mr. Van Sweringen declined to comment on the day's proceedings, stating that there was nothing that could be said at this time.

Gilbert Teams To Clash

Recalling the good time that was enjoyed last year when two ball teams from the Gilbert Grocery Company met on the diamond, members of the sales and order forces of the firm are planning for another diamond battle this season.

The ball game between the order department and salesmen assisted by the diamond performers in the office force will be the feature event of an outing in which the entire Gilbert force is to be invited to join. Lucasville Fair grounds or Millbrook park will be selected as the "battlefield" with Saturday, August 9 as the probable date.

E. C. McGor will pilot the sales and office nine, with Walter Shultz heading the order department crew.

Win Junior Flag

The Jolly Rogers won from Ma-bert Juniors 17 to 5 yesterday and thereby earned a dear title to the championship of the Y. M. C. A. Junior Division.

The victors will receive a pennant which will be awarded at a camp fire jubilee next month.

KILLED BY POLICEMAN
CHICAGO, July 17.—The bullet-riddled body of Frank Zietz, 17, is in the morgue here today—the end of the road for his ambition for easy money.

Armed with a newly purchased mail order revolver Frank last night started out on the business of wresting a living from the world. First he stopped off in a saloon for a drink to bolster up his courage. The bartender saw the imprint of the revolver on Frank's coat and refused the "shot of booze."

The bartender also notified the police that Frank had a gun. A river squad caught up with Frank a few moments later. Frank's reply to a demand for this surrender was to rip and then turn and fired two shots out of his mail order revolver. A fusillade of shots from the police and Frank fell killed instantly.

PARIS, France, July 17.—The keen rivalry between America and Australia for swimming points is expected to be renewed today with the prospects of Johnny Weissmuller, the United States ace, meeting Andrew Charlton, the young Australian phenomenon, in the 400-meter free style semi-final.

The United States boxing hopes were somewhat upset by the elimination yesterday of two stars, Joe Louis and the Cornell lightweight and Edward P. Egan, American Rhodes scholar at Oxford, and a star in the heavyweight ranks. Most of the other boxing contestants, however, are making good headway against lively competition.

Gymnastics in which the United States is among the competing nations, will be added to today's program.

BLACK GOLD, NOW AT RACELAND FOR BIG DERBY SATURDAY, MATCHED AGAINST FRENCH HORSE AT LATONIA

CHICAGO, July 17.—Black Gold, America's leading contender for the three-year-old honors of 1924, will be matched against the little black son of Black Toney, the famous champion, which in 1923 won four derby classics.

The only derby Black Gold has failed to win this season was the Latonia on June 28, when he finished third to Chliwnee and Gibson. Later, however, Black Gold triumphed over Gibson by six lengths in the Chicago derby.

Black Gold started the 1924 season by annexing the Louisiana Derby. Then he won the \$50,000 Kentucky Golden Jubilee, the Ohio Derby and last Saturday captured the Chicago Derby.

After next Saturday's race, Black Gold will rest up at Latonia until the fall season when he will start against Ephraim, the French champion, in the international race, to be decided at Latonia in October.

Is Improving

Mary Blakeman, seven-year-old daughter of Mr. and Mrs. Oliver Blakeman, 1405 Harrisonville avenue, who was seriously injured when run down by an auto Tuesday, is considerably improved and has a good chance for recovery, it was stated by physicians last night.

Which will be the big favorite in the derby at Raceland next Saturday. The famous jumper arrived at Raceland yesterday and of course occupies special quarters.

REDS AND BROOKLYN DIVIDE DOUBLE BILL

CINCINNATI, July 17.—Cincinnati and Brooklyn broke even in a double header, the visitors winning the first game, 5 to 4, and the home club capturing the second, 9 to 6. Both contests were close and were marked by hard hitting by both teams.

The first game, play by play:

First Inning

High tied off with a hit over short. Johnston engaged with a midfield fly. Neis got an error and Critz got two bases. Brown robbed Daubert of a triple by a great running catch. Roush singled to left, scoring Critz. Duncan skied to Neis. Roush batted for second and Fournier threw wildly after him—an error for the gallant foe. Johnston threw out Hargrave. One run, one hit, two errors.

Second Inning

Stock singled over short, but was fanned by Neis. Critz to Caveney. Deberry hit into a double play. Pinelli to Critz to Daubert. No runs, one hit, no errors.

Third Inning

Vance was loudly applauded. Critz threw him out. High tripped to right and his pals showed how differently they act with a man on the field. Johnston hit to right immediately scored. Neis hit. Wheat singled to Roush. One run, one hit, no errors.

Fourth Inning

Fournier singled to right. Brown singled over short. Johnston fanned. Neis hit into a double play. Critz to Daubert. No runs, two hits, no errors.

Fifth Inning

Caveney threw out Deberry. Vance fanned. High flitted to Roush. No runs, no hits, no errors.

Sixth Inning

Johnston soared to Duncan. Wheat tripped to left. Fournier fanned and Brown drove to Roush. No runs, one hit, no errors.

Seventh Inning

Stock singled to right. Neis singled to left. Caveney threw out Deberry. Vance fanned. High singled to left, scoring Stock and Neis. Johnston singled to center. Wheat fouled to Hargrave. Two runs, four hits, no errors.

Eighth Inning

Pinelli bounced to Vance. Caveney bounced to High. Shorten batted for Benton and bounced to Johnston. No runs, no hits, no errors.

Ninth Inning

Sheehan pitching for the Reds. Fournier singled to right. Brown singled

to left. Stock forced Brown, Critz to Caveney. Neis flied to Walker, scoring Fournier. Stock out stealing. Hargrave to Critz. One run, two hits, no errors.

Ninth Inning

Deberry flied to Duncan. Vance fanned. High singled to right. Johnston flied to Walker. No runs, one hit, no errors.

Walker doubled to left. Pinelli flied to Brown. Caveney singled to right, scoring Walker. Bruester batted for Sheehan. Fowler won for Caveney. Bruester popped to Neis. Critz popped to Brown. One run, two hits, no errors.

ATHLETICS WIN DOUBLE BILL

PHILADELPHIA, July 17.—The Athletics took the Chicago White Sox into camp for a double victory, winning the first game 5 to 0 and the second 6 to 5.

Sam Gray's elusive pitching proved too much for the White Sox in the opening half of the day's engagements. Chicago piled up a five run lead in the second inning of the closing contest on Heimach, but were helpless against the relief hurling of Bob Hasty. The score—First game:

OBITUARY

Charles Plag

Charles Plag, aged 50, 609 Seventh street, for more than fifty years a well liked and respected resident of Portsmouth, died at three-thirty o'clock yesterday afternoon as the result of a four weeks' illness of complications. Death occurred at Hempstead hospital, where Mr. Plag was taken about two weeks ago.

Mr. Plag, a native of Germany, came to this country and located in Portsmouth while a young man. In 1869 he married Katherine Gyss of this city. To this union were born three children, two of whom survive, Mrs. Fred Goltz, of 715 Second street and Mrs. Max Tremble, of Twelfth street. Mrs. Plag died in 1890, and Mr. Plag married Mrs. Elizabeth Noxell, who survives.

In addition to his wife and two daughters, Mr. Plag leaves three grandchildren, Mrs. Parson Anderson of Chillicothe, Mrs. William Messmer and Donald Tremble of this city.

Mr. Plag was a charter member of the Hart Gari Lodge and a faithful member of the First Evangelical church of this city. He possessed a pleasing personality and had a wide circle of friends in Scioto county.

Funeral services will be held from the home at 609 Seventh street Friday afternoon at three o'clock, with Rev. Samuel Lindemeyer in charge. Interment will be in Greenwood cemetery. Friends are requested to omit flowers.

"At eighty our Vision is very wide For it covers the years long spent, And carries our gaze to the other side And the wonderful things about So Heaven will be the passing away."

JASPER

A HOME AUTHORITY

MOST men love to romance a little, particularly if it brings themselves into the limelight. Travelers to New York have added what picturesqueness they could to the proceedings of a turbulent convention, taking a little notoriety to themselves in the process.

One free handed sketch we recall particularly because it got front page on all the dailies.

It had to do with the conduct of the police about the Garden and was particularly severe on them for manuevering Smith men in the convention and McAdoo out of it.

Here is the other side as presented by the New York Herald, which is said to be a Republican organ of the style that is now found only in the county seat weeklies. It doesn't regard the police with a partisan love, for it is the inveterate enemy of their chief, Mayor Hylan, a Democrat. Listen then to what it says not in its news columns, but in an editorial:

"On every hand the police department is receiving commendations for its admirable handling of the convention. They are well deserved. The arrangements for order and safety were well planned and well executed to the last detail. As an example of well managed and disciplined control of a huge gathering the work done at Madison Square Garden should rank as a police classic.

"Both outside and inside the Garden the policing was excellent. There was no confusion at any time at the entrances. The crowd movement within was directed with noticeable precision. The police gave no ground for complaint on the score of their demeanor; they were uniformly courteous and helpful.

"In a meeting where feeling ran so high there was continual invitation for the mob spirit to assert itself, to say nothing of personal altercations. But it was evident at once that the bluecoated force, without arrogance, or flourish, had the situation entirely in hand. In consequence, anything approaching a melee was entirely out of the question and scattering disorders were checked before they could get into real action.

"It is safe to say that no other police force in the world could have acquitted itself with greater credit in a trying task."

A GOOD TIME TO QUIT

RECOGNIZING his ineptness at meeting and addressing crowds, the Republican managers will not permit Coolidge to do the usual stunt and "swing around the circle" this campaign. Imperative pressure will compel his visit to several large cities and he will talk to lawn parties on the White House grounds, but that will be about all for him.

LaFollette is aging and has been ill much of the time for the past two or three years. It is not believed he will be able to do much speaking and any prolonged effort at it is impossible for him.

This leaves Davis as the only presidential candidate fully equipped for public appearance and a bruising race. He is vigorous physically, has an engaging personality and considerable gift as an orator.

Such being the situation the inclination will be to push Davis to the limit.

He should not accede to it. Indeed, he would do well to seize upon the situation as a most opportune time to set a precedent for presidential races, as to the part to be played in them by candidates.

That precedent should be moderation, a fixing up of safeguards against the insistence of managers and the enthusiasm of supporters.

Few men are so constituted physically and mentally that they can endure, unharmed, the strain and hardships of a long and arduous speaking campaign. Governor Cox was one presidential candidate of four years ago that came through one apparently unaffected, but the truth about the matter is that he lost much of his bodily alertness and has never fully recovered it. We have a thought that the terror of a second experience was what kept him from throwing himself with his usual vigor and intensity in an effort to secure the last nomination.

It is within recent knowledge that it was speaking tours that were the immediate cause of the untimely death of both Wilson and Harding.

Conversely to these may be pointed out Bryan, who seemed to be nourished and exhilarated by his campaigns, but he is the exception that proves the rule. The ages seldom see his like. Talking and the applause of the multitude are as drink and food unto him.

Rejecting swinging the circle does not mean at all that Candidate Davis should lapse into utter silence. He has the gift of striking and impressive speech making. He should resort to it plentifully, but not inordinately.

LIKE BREEDS LIKE

TALK runs at Washington that the Japanese government, doubtless, in response to popular pressure at home, will withdraw its ambassador from Washington and hereafter be unrepresented diplomatically in this country.

Action of the kind on the part of the Oriental nation will make an unpleasant situation and one that may become serious after awhile.

It was a stupid yielding to an intolerant clamor that barred the Japanese from this country entirely by law designation. The same result could have been reached without gross affront of a proud and sensitive people.

Japan not only resents the affront to her dignity, but she is striking back at a point that will more directly affect us, our foreign commerce, a boycotting of all American products. According to the word from there the country is aflame with the movement. Placards cover the public spots, not only advising, but warning the people not to buy American products, and newspapers and public meetings are filled with appeals not to countenance anything American.

Japan is as large a customer of America as America is of her. Perhaps, the full effect of the affront will not begin to be felt in this land until feeling arouses here to the point where we boycott her products as she has ours.

NEW YORK DAY-BY-DAY

BY O. O. MCINTYRE

NEW YORK, July 17—I saw them first in a cafe in Paris. She was an ancient dowager in a red plush dress leaning heavily on a Shepherd's crook. The other hand held a cane. She was wrinkled, wrinkled, and almost sightless.

He was one of those sleek and gay young blades whose sartorial accomplishments fitted him to pose for clothing ads. She was querulous and exacting not only with myrtilons who flattered about but with him.

To the stranger they appeared a grandmother and a devoted grandson. But a waiter whispered they had just been married. She was 50 and he was 27. Her wealth is colossal and he was an impecunious social butterfly who fitted about European spas and haunts.

This was several years ago. Recently they came to New York and again I saw them. She is still with dimming sight seeking the dazzling lights and he trots along in her path like a faithful young dog.

Now at 80 his hair is sprinkled with gray. Her feet are forming around his. His efforts to be spruce and debonaire have wilted. He sits glumly at her side answering her rasping questions in monosyllables.

It is the old story of the mating of May and December. He has all the trappings of a nobleman, country houses, valets and unlimited checking account. He can go wherever he desires, but always he must go with her—a sort of glorified servant. Sometimes love does by out the window, but whatever happens it cannot be worse than the cold, metallic boredom of a loveless marriage in the castle.

Great fortunes are lost over night in New York. A turn in the market daily reduces to pennies men who have risen to the top of the heap.

Call Out the Reserves!

Ited Rollo was the deepest dye of professional proletarian, but he had consented to attend that capitalistic institution known as the theater. During the intermission he singled out a member of the audience, a somewhat overdressed society bud, and snorted his defiance.

"Look at her!" he soliloquized aloud. "Look at her. I ask you! Strip off them fine fuds and feathers and wot would you have?"

"A riot, I should say," observed his next-seat neighbor.
